## Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI (100-382951)

DATE: 2/29/52

FROM : SAC, San Francisco (100-25137)

SUBJECT: SYLVIA STEINGART, was.  
ESPIONAGE - R

REGISTERED MAIL

MRS HARRY A STEINGART

Rerep SA RALPH M. LINDSEY dated Jan. 4, 1952 at San Francisco.

A review of instant file in the San Francisco office reflects that subject, according to informants, is a member of and has been active in the Communist Party. Prior to March, 1951, this case bore the character "Security Matter - C."

On March 27, 1951, DAVID GREENGLASS, an admitted former Soviet Agent, advised that in 1945 or 1946, JULIUS ROSENBERG, convicted as a Soviet espionage agent, told him that the friends on the West Coast to whom he had shipped furniture were engaged in Soviet espionage and were going to China.

On March 22, 1951, JULIUS ROSENBERG testified during the course of his trial in New York City, that HARRY and SYLVIA STEINGART had loaned him two tables when they moved to California.

DAVID GREENGLASS was subsequently shown photographs and interviewed concerning the STEINGARTS. GREENGLASS advised that he had never seen or met the STEINGARTS or heard their name mentioned.

Confidential Informant [redacted] of unknown reliability and who will not testify under any circumstances, advised agents of the New York Office on April 5, 1951, that JULIUS ROSENBERG; ABRAHAM BROTHMAN, convicted of conspiracy to obstruct justice; and EMANUEL BLOCH, Attorney for ROSENBERG, were planning to publish a counter-propaganda news letter to be entitled, "RETORT", which would be distributed in a clandestine manner throughout the country by individuals carefully selected by ROSENBERG, et al. The informant stated that the distributors of this publication would be members of the National Board, and among these individuals he named SYLVIA STEINGART of Los Angeles, California.

It is to be noted that this same informant subsequently reported that the plans had been altered and that the magazine "RETORT" would not be published.

On March 24, 1951, HARRY A. STEINGART, husband of the subject, was interviewed by agents of the Los Angeles Office. This interview took place in the presence of STEINGART's attorneys, who, after STEINGART had admitted knowing JULIUS ROSENBERG in New York, declined to permit their client to answer further questions.

Re: SYLVIA STEINGART, was.  
Esp.-R.

2/29/52

On March 27, 1951, SA THOMAS E. BRYANT of the Los Angeles Office was advised by HARRY STEINGART's attorney, JACK TENNER, that neither HARRY STEINGART nor SYLVIA STEINGART would answer any additional questions unless they were served with a subpoena.

Since March, 1951, and prior thereto, the San Francisco Office has conducted extensive investigation of the subject. This has resulted in determining that the subject has been active in Communist Party and front group organizations and that she associates with persons also active in such groups. No information has been developed, either in San Francisco, New York or Los Angeles to corroborate the allegation of espionage.

[REDACTED]

0/S [REDACTED]

It is noted that PAUL G. PINSKY and his wife, SARAH FISHER PINSKY, 768 Seventh Ave., San Francisco, are both subjects of Security Index cards. The Bureau file numbers for these persons are 100-25370 and 100-290542, respectively.

It is to be noted that the statement as made by GREENGLASS concerning ROSENBERG's mentioning that the friends on the West Coast to whom he had shipped furniture were engaged in espionage is specific and probably refers to the STEINGARTS, however, it is not felt that it contains information sufficient or concrete enough to question the STEINGARTS. Further, investigation to date has developed no corroboration of this information, nor has there been shown any evidence of current espionage activity on the part of SYLVIA STEINGART.

From the foregoing it would appear that the only person in a position to furnish direct evidence of Soviet espionage on the part of the subject is JULIUS ROSENBERG.

In view of the above a closing summary report is being prepared for this subject; that the case be followed through reports of confidential informants and established sources, being subject to reopening upon the receipt of corroborating evidence or information received from ROSENBERG.

0/504 [ UACB the San Francisco Office will submit a closing summary report on or before March 25, 1952.

19. The National Committee to Secure Justice in the  
ROSENBERG Case (NCSJRC)

JULIUS and ETHEL ROSENBERG and MORRIS SOBELL were convicted in the Federal Court, Southern District of New York, on March 29, 1951 of conspiracy to commit espionage on behalf of the Soviet Union. On April 5, 1951, JULIUS and ETHEL ROSENBERG were sentenced to death by Judge IRVING R. KAUFMAN. On June 19, 1953, JULIUS and ETHEL ROSENBERG were electrocuted at Sing Sing Prison. On January 2, 1952 there was an announcement of the formation of the NCSJRC in the "Daily Worker", page 3, columns 4 and 5. JOSEPH BRAININ was appointed chairman, and the claim of this committee is that the ROSENBERGS were convicted because they were Jews and because of their political beliefs. The aim of this committee was to secure a new trial or clemency for the ROSENBERGS.

"New York Journal American" issue of January 9, 1952 contains an article which reflects that a new committee, made up of avowed Communists, Red ex-convicts and veteran "Left Wingers", continued their propaganda to free the convicted spies. The article further stated: "Known as the National Committee to Secure Justice in the Rosenberg Case, the group has its headquarters at 242 Fifth Avenue and is headed by JOSEPH BRAININ, named by Congress as affiliated with organizations branded as Communist by the Attorney General."

"The Worker", Sunday edition of the "Daily Worker", issue of January 13, 1952, page 7, column 1, section 1 contains an advertisement for the NCSJRC, which lists JOSEPH BRAININ as Provisional Chairman.

Informant advised that on March 12, 1952, a meeting of the NCSJRC was held at the Pythian Hall, 135 West 70 Street, New York City. Informant advised that JOSEPH BRAININ spoke at this meeting, and stated that the ROSENBERGS were convicted on trumped up evidence and that the conviction of the ROSENBERGS and their sentence to death was an eternal shame on American justice.

"Daily Worker" issue of March 14, 1952, page 1, column 1, contained an article concerning a rally held on March 12, 1952, at the Pythian Hall in New York City. This article stated that JOSEPH BRAININ stated that in the ROSENBERG case "truth was strangled in the court room."

6/5 [ "National Guardian" issue of March 12, 1952, volume number 4, number 21, contained an advertisement for the NCSJRC, listing JOSEPH BRAININ as chairman.

"Morning Freiheit" issue of January 8, 1953, page 2, columns 1 and 2, contains an article reflecting that JOSEPH BRAININ, Chairman of the NCSJRC, was one of the three individuals who brought an appeal for clemency in behalf of the ROSENBERGS to the White House on January 7, 1953.

"Morning Freiheit" issue of January 11, 1953, page 2, columns 1 and 2 contains an article which reflects that JOSEPH BRAININ, Chairman of the NCSJRC, called for intensified fight to save the lives of the ROSENBERGS.

"Morning Freiheit" issue of February 26, 1953, page 1, columns 2, 3 and 4, contains an article which reflects that JOSEPH BRAININ issued a statement on February 26, 1953, concerning the Department of Justice's action as to the ROSENBERG Clemency Appeal by the Rabbis of France. BRAININ stated that there was an indication that highly placed Government officials hid the facts of the ROSENBERG Case from the President's attention.

"National Guardian" issue of February 19, 1953, page 4, contains a full page advertisement on ETHEL and JULIUS ROSENBERG, stating to save them "Wire, write or phone President EISENHOWER - Funds Needed." JOSEPH BRAININ was listed as National Chairman of the NCSJRC.

20. National Youth Assembly Against Universal Military Training (NYAAUMT)

\* "1. 'This is not a sincere pacifist group opposed to war. It is a Stalinist front to keep the United States militarily weak so that Russia will be free for its conquest of Europe and Asia, and eventually for the conquest of the Western Hemisphere. It functions precisely, and for the same purpose, as did the American Peace Mobilization during the Stalin-Hitler pact.'

# Refuses to Answer At M'Carthy Spy Quiz

By GEORGE TROW and MITCHEL LEVITAS

A witness before Sen. McCarthy's sub committee today refused to answer whether he had tried to persuade three employees of the Army Signal Corps at Fort Monmouth, N.J., to commit espionage in 1952.

The witness was Joseph Levitsky, of River Edge, N.J., who testified that he had done classified work in an Army Signal Corps laboratory in Philadelphia from 1940 to 1943 and then transferred to the Federal Telecommunications Laboratory in Nutley, N.J.

He worked in the Nutley plant, a Signal Corps sub-contractor and a subsidiary of the International Telephone & Telegraph Co., until last February when he resigned.

## "Unable to Find Espionage"

Levitsky's testimony came as McCarthy, sitting as a one-man subcommittee in the Federal Courthouse, began what he said would be month-long hearings on alleged espionage activities at Fort Monmouth where Army Secretary Stevens has said an Army investigation was "unable to find anything resembling espionage."

Levitsky was asked whether he made a trip to New Jersey in July, 1952, to ask the three employees to engage in espionage.

He declined to answer this—as he did other questions—on Constitutional grounds and because he questioned the jurisdiction of the McCarthy committee.

He also declined to say whether he had been in telephone contact

three times since the first of this year with a man named Harry Hyman, identified as an engineer with the Nutley firm.

## Conspiracy Already Denied

He was also asked whether he was engaged in a conspiracy to commit espionage and replied he saw no reason to answer the question since he already had denied it in executive session.

Levitsky also declined to say whether he had been a member of the Communist party with executed atom spy Julius Rosenberg.

Levitsky's attorney, Leonard Boudin, said Levitsky had denied he was a member of the party "at the present time" in executive session on Oct. 13.

McCarthy threatened to cite Boudin for contempt when the attorney demurred about producing Hyman as a witness tomorrow.

Boudin said he considered it "improper" when he was representing Levitsky to be given instructions on another client. He said, however, that Hyman would testify.

Levitsky said in making the transfer from Philadelphia to Nutley he had used Rosenberg's name as a reference but "except

Continued from Page 3

for the fact that I put his name down he had nothing to do with getting me a job."

The hearing opened with a reading of an affidavit by David Greenglass, Rosenberg's brother-in-law.

Greenglass's testimony involved Rosenberg's theft of a radio proximity fuse from a factory where he worked. This was revealed during the Rosenberg trial as was much of the rest of the Greenglass affidavit.

A McCarthy investigator had said Greenglass had given the committee "important new information."

Named by Greenglass as a spy was Joe Barr, who had previously been identified as a Russian espionage agent who is now believed to be behind the Iron Curtain.

Greenglass is serving a 15-year term in the federal penitentiary at Lewisburg, Pa., where McCarthy's investigators talked to him. His attorney, O. John Rogge, has said Greenglass had given the full story to the FBI.

Greenglass, in jail about 2½ years, was quoted as saying: "As

far as I know these (spy) operations never stop and could very possibly be continuing to this very day."

Greenglass also mentioned a woman named Vivian Glassman who he said he believed was involved in the spy ring. He told of meeting her in the Rosenberg apartment and said he used to baby-sit for Mrs. Rosenberg when the latter left on "mysterious business."

Greenglass went over his own part in the Rosenberg spy ring to which he admitted giving atomic secrets when he was an Army sergeant at the Los Alamos project in New Mexico.

After he was discharged, he said, he learned more about "the espionage activities of the Rosenberg ring."

Earlier Col. Walter Edward Lotz of the Signal Corps testified Rosenberg had worked for the Emerson Radio Corp. in 1940-45. There is nothing new about this or about the fact that Rosenberg is said to have stolen a top secret radio proximity fuse, since de-

classified to confidential.

Greenglass, in his affidavit, said Rosenberg told him he stole it by concealing it in a briefcase in which he used to bring his lunch.

Lotz also described some of the

work at the Fort Monmouth laboratories where McCarthy's closed hearings led to suspension of scientists.

A recent inquiry by The Post into the charges against some 30 suspended scientists failed to reveal one accusation of subversion or spying. Many charges were based on membership in groups that never appeared on the Attorney General's list of suspect organizations, or on allegation of guilt by association.

Not one of the engineers currently employed at Monmouth has pleaded immunity under the Fifth Amendment. All have cooperated fully.

Seven suspended employees already have been reinstated.

Today's session was sparked by Stevens' disclaimer of espionage made on Nov. 13.

The next day, the Senator tried to regain the publicity advantage by scheduling public hearings "almost immediately" so that people would not be confused by conflicting reports of the situation at Monmouth.

On Nov. 16, obviously angry by the Stevens statement, McCarthy said he would show evidence of "stealing of classified material after the war." He predicted the open sessions will prove him to have been "on the conservative side" in reporting what went on behind closed doors.

with the New York State Department of State in 1948. Attorneys for this corporation were SMITH and BERNARD, 16 Court Street, Brooklyn, New York. According to the informant, stockholders and directors of this corporation were JOSEPH LEVITSKY, 124 Clarkson Avenue, Brooklyn 2, New York, MELVIN TRAUM, 1009 Eastern Parkway, Brooklyn 1, New York, MARKUS EPSTEIN, 1071 55th Street, Brooklyn 1, New York. Each of the stockholders held one share of stock in this corporation and the amount of capital was listed as \$3000.

A Certificate of Dissolution for this firm was filed with the Department of State on August 14, 1951. At that time the directors and officers of this corporation were MELVIN TRAUM, 277 Olympia Drive, River Edge, New Jersey, MILTON KELSKY, Secretary, 1163 Grand Concourse, Bronx, New York. TRAUM and KELSKY were holders of all the issued and outstanding shares of stock at the time of the dissolution of this corporation.

On September 19, 1950 ERNEST JOSEF PATAKI was interviewed by Bureau agents concerning his knowledge of and association with VIVIAN GLASSMAN. PATAKI granted agents permission to search his apartment at 217 East 19th Street, New York City. Noted in his possession was a small address book. One of the listings in this address book is for M. TRAUM, SL 6-7325. This address book was printed for the New York Telephone Company and was for the year 1948.

Concerning VIVIAN GLASSMAN, the following is to be noted:

GLASSMAN was a close friend of JULIUS and ETHEL ROSENBERG, executed on June 19, 1953 for conspiracy to commit espionage for Soviet Russia. JULIUS ROSENBERG is known to have actively engaged in espionage since about 1942 and concentrated on obtaining technical data from engineers engaged in national defense projects.

NY 100-103496

Further, on July 22, 1950 VIVIAN GLASSMAN acted in the capacity of a Soviet courier in that she made an airplane trip to Cleveland, Ohio, and offered WILLIAM PERL, an aeronautical engineer, \$2500 to leave the United States and go to Mexico. 9/5

On July 16, 1950, DAVID GREENGLASS was arrested by Bureau agents and charged by indictment in the District of New Mexico with violation of the espionage statutes. DAVID GREENGLASS and his wife, RUTH GREENGLASS, have advised they were recruited into the Soviet espionage apparatus by JULIUS ROSENBERG, a brother-in-law of DAVID GREENGLASS.

Information obtained from MAX ELITCHER, who admitted that ROSENBERG attempted to recruit him for Soviet espionage, indicates that ROSENBERG was utilizing an apartment at 65 Morton Street, New York City. This apartment was rented in the name of ALFRED SARANT from October 1943 to January 1950. SARANT, on interview, has advised he was a former member of the Village Branch of the CP, 1943-1944 and believes that he met JULIUS ROSENBERG through a mutual friend, JOEL BARR, or at a meeting of the FAECT. In 1946 SARANT moved to Ithaca, New York, and the apartment at 65 Morton Street was taken by JOEL BARR. ALFRED SARANT stated that VIVIAN GLASSMAN was the fiancée of JOEL BARR.

WILLIAM PERL, mentioned above, is presently serving a five year sentence, United States Penitentiary, Terre Haute, Indiana, in that he committed perjury before a United States Federal Grand Jury in denying he knew JULIUS ROSENBERG.

T-3, of unknown reliability, has advised that JULIUS ROSENBERG related that he furnished the Soviet contact with the name of WILLIAM PERL as a person to be helped to flee the United States and that his contact selected VIVIAN GLASSMAN as courier for this job.

Mr. HARRY M. KLEIN, 1030 Morris Avenue, New York, advised on February 2, 1953 that he and PERL formed a group to pass mail. The members of this group were PHILIP PARZEN and WILLIAM PARZEN. During the period of 1937 or 1938 Mr. KLEIN recalled riding on a subway train with a group of City College students and he recalls that in this group were STANLEY ROSENBERG, MORTON SOBELL, JULIUS ROSENBERG, and several other individuals from whom he could not recall names. He believed that they were traveling together in the downtown section of New York City.

In this connection Mr. KLEIN recalled that the aforementioned group had attended rallies in Union Square, New York City, and that these rallies were for Loyalist Spain. Mr. KLEIN said, he was in Washington, D. C. and was working for the Bureau of Census during this period of employment he was working with PHILIP PARZEN. He further advised that during this period WILLIAM PARZEN came from his employment at Langley Field, Virginia, to visit him. Mr. KLEIN recalled that in 1942 PHILIP PARZEN had advised him that MORTON SOBELL had been in the University of Michigan and that he had advised that he had married PHILIP PARZEN's daughter and of WILLIAM PARZEN.

JULIUS ROSENBERG was convicted of conspiracy to commit espionage on March 29, 1951 in the United States District Court for the Southern District of New York and sentenced to death on April 5, 1951 and executed on June 19, 1953.

MORTON SOBELL was convicted of conspiracy to commit espionage on March 29, 1951 and on April 5, 1951 was sentenced to 30 years imprisonment.

DAVID GREENGLASS advised that after the arrest

of KLAUS FUCHS, JULIUS ROSENBERG told GREENGLASS in February 1950 that JOEL BARR had left the United States to do espionage work for the Russians in Europe and that BARR had been one of ROSENBERG's contacts in the United States.

MAX ELITCHER is an admitted Communist Party member from 1939 to 1948 in Washington, D. C. while he was employed at the Bureau of Ordnance, Navy Department. ELITCHER advised in July 1950 that JULIUS ROSENBERG was a classmate of his at the College of the City of New York and had attempted in 1944 and on several occasions thereafter to recruit him into a Soviet espionage network.

MAX ELITCHER advised in 1950 that WILLIAM DANZIGER joined the Navy Department cell of the Communist Party shortly after his return from the West Coast in May of 1945 and was still a member in May of 1948 when ELITCHER left this cell group. DANZIGER admitted acting as a mail drop for MORTON SOBELL while SOBELL was in Mexico in 1950 but denied knowledge of espionage activities. On April 14, 1953 Assistant United States Attorney JAMES B. KILSHEIMER, Southern District of New York, declined prosecution of DANZIGER for perjury before a Federal Grand Jury.

WILLIAM PERL on June 5, 1953 received a five year sentence in Federal Court, Southern District of New York for having committed perjury before the Federal Grand Jury in that he declined knowing JULIUS ROSENBERG and MORTON SOBELL.

C. CONTACTS AND ASSOCIATES OF SUBJECT

WILLIAM PERL

On July 26, 1950, WILLIAM PERL advised that he first met VIVIAN GLASSMAN through one JOEL BARR sometime in approximately 1946 and saw her approximately three times. He stated he did not see her again until April, 1950 when he stayed at the home of ELEANOR GLASSMAN on East 8th Street, New York City. PERL explained that he had not known ELEANOR GLASSMAN prior to April 7, 1950, when he made her acquaintance as a casual pickup and lived with her for the week following.

9s On August 17, 1950, WILLIAM PERL advised he had met VIVIAN GLASSMAN's sister ELEANOR as a casual pickup acquaintance in a Greenwich Village restaurant in about February, 1950 but could not remember further details of this "pickup". He said that he subsequently met ELEANOR GLASSMAN in New York City in April, 1950 and that this meeting was by appointment.

On September 12, 1950, WILLIAM PERL advised that he had first met ELEANOR GLASSMAN about February, 1950 as a casual "pickup" acquaintance in a Greenwich Village restaurant and after returning to Cleveland, Ohio he received a letter from ELEANOR GLASSMAN possibly in March, 1950 inviting him to come to New York City during Easter week. ELEANOR GLASSMAN mentioned that she had a weeks vacation and PERL stated he proceeded to New York City and registered at the Statler Hotel where he telephoned ELEANOR GLASSMAN and then spent the next week at her apartment at 343 East 8th Street.

On July 28, 1950, WILLIAM PERL advised that on Sunday July 23, 1950, about noon as he was preparing food in the kitchen alcove of his apartment at 666 East 103rd Street, Cleveland, Ohio a woman appeared through the curtain which shields the alcove from the stairs leading to the street. The woman identified herself and he recognized her as VIVIAN GLASSMAN of New York City. He stated that he asked her to come in, which she did, and asked her what she wanted. He stated she reached for some paper that was lying on the table

NY 100-59069

[REDACTED]

and for a lapboard which was also nearby. She sat down on the couch in the apartment, motioned to PERL to sit next to her and indicated to him he was to read what she was writing. He stated she wrote approximately as follows:

That she had been instructed to communicate with him by writing rather than talking; that she had been approached by a stranger in New York City and told to go to Cleveland to see an aeronautical engineer; that she was to give him money and instructions which she had memorized and as to how he and a friend were to leave the country. In this connection PERL stated he recalled the word Mexico. He continued that she wrote that for identification she was to mention a ship incident in which she had been concerned with JOEL BARR and also the name JOHN. PERL continued that as nearly as he could remember she also wrote to the effect she knew JULIUS ROSENBERG. He stated he told her in effect that he did not know what she was talking about and hoped that she had a clear conscience and was not getting mixed up in anything. He stated he thought the whole thing was some kind of a trick and asked her to leave.

PERL also advised he was acquainted some years previously with JOEL BARR and one ALFRED SARANT. He stated that he had last seen BARR in 1947 and had met SARANT through BARR and subleased SARANT's apartment.

Sister - VIVIAN GLASSMAN PATAKI (b)(7)(D)

[REDACTED] that VIVIAN GLASSMAN was married to ERNEST PATAKI on January 19, 1953, New York City.

On September 8, 1950, RUTH GREENGLASS, wife of DAVID GREENGLASS, furnished SA JOHN A. HARRINGTON the following information concerning VIVIAN GLASSMAN:

He stated that during September, 1945 when her husband DAVID was on a furlough she had visited ETHEL ROSENBERG's apartment at 10 Monroe Street, New York City, and VIVIAN GLASSMAN was present. She did not recall too much about the circumstances of the visit but did recall that her husband DAVID drove VIVIAN GLASSMAN home in RUTH GREENGLASS' father's car.

~~CONFIDENTIAL~~

She also stated that on one occasion JULIUS ROSENBERG told her that he was going to see VIVIAN in connection with a change in the then political situation. RUTH believed this was in 1945. She stated she again met VIVIAN GLASSMAN in ETHEL ROSENBERG's apartment in the fall of 1946 or the early part of 1947.

RUTH GREENGLASS stated that on another occasion, an evening during the Christmas holiday of 1947, she was in ETHEL ROSENBERG's apartment and VIVIAN GLASSMAN and JOEL BARR were also there. She recalled that VIVIAN brought clothes including ski pants, sweaters and other heavy clothing for ETHEL ROSENBERG who was going on a vacation with her husband JULIUS.

RUTH GREENGLASS stated that at the most she saw VIVIAN GLASSMAN on four or five occasions but that ETHEL ROSENBERG spoke about her quite often indicating that she was going out with VIVIAN.

On September 8, 1950, DAVID GREENGLASS identified a photograph of VIVIAN GREENGLASS. He stated he first met her when he came back from the army in March, 1946 and met her in the apartment of JULIUS ROSENBERG, 10 Monroe Street, New York City. He stated VIVIAN GLASSMAN was a girlfriend of JOEL BARR, and that he had only seen VIVIAN about four times.

0/6 [ On the evening of August 3, 1950, VIVIAN GLASSMAN was interviewed at her residence, 131 East 7th Street, New York City, by SAs ROBERT F. ROYAL and RICHARD T. HRADSKY. She admitted knowing ALFRED SARANT and stated she believes she met him at a house party at her residence, 320 Ocean Avenue, Long Branch, New Jersey, in about 1943 when she was employed by the United States Army Signal Corps at Ft. Monmouth, New Jersey. GLASSMAN stated she was in the company of SARANT on numerous occasions thereafter when she was dating JOEL BARR. She also stated she met ALFRED SARANT's wife LOUISE at their apartment located at 65 Morton Street, about 1945 or 1946 and was in this apartment on numerous occasion.

~~CONFIDENTIAL~~

VIVIAN GLASSMAN was shown a full length photograph of JULIUS ROSENBERG and she advised that she was very friendly with JULIUS ROSENBERG and his wife, and that she met them while canvassing the Knickerbocker Village apartment project for the American Labor Party (ALP) which which she was affiliated. She stated this was approximately 1945 and she became friendly with ROSENBERG's wife and frequently visited the ROSENBERGS socially thereafter. She denied that she had ever done any work for JULIUS ROSENBERG or that he had ever asked her to. She stated that ROSENBERG had been in her apartment at 131 East 7th Street on several occasions and he had taken her home from Knickerbocker Village late at night but denied that her apartment was ever used by ROSENBERG for photographic work or for any purpose. She emphasized she was more friendly with ETHEL than with JULIUS ROSENBERG.

She advised that about 7:30 or 8:00 p.m. on Friday, July 21, 1950, a man knocked on her apartment door while she was telephoning a friend, ERNEST PATAKI, 217 East 19th Street, New York City, (present husband). In reply to her request for the identity of the person knocking on the door a man stated he was a friend. VIVIAN said she advised PATAKI that a man was at her door who only stated he was a friend and she asked PATAKI if it would be safe to admit him. PATAKI, according to VIVIAN, advised her to leave the receiver off the hook and find out who was at the door.

She admitted the individual at the door and claimed his identity was unknown to her and that she had never seen him before. She stated she asked the stranger who he was and what he wanted, and that by way of introduction he asked if she knew "JOHN" and when she said no he made reference to JOEL BARR and she replied that BARR was her former fiance. The stranger then stated by way of identifying himself that at one time he was going to help JOEL BARR go to Europe. VIVIAN stated that although she did not know this man she thought she could trust him as long as he was a friend of JOEL BARR.

0/5  
ELEANOR GLASSMAN appeared at WISE's office and met PERL at which time WISE related the event of VIVIAN's mission to PERL. ELEANOR said she was unable to offer any information concerning VIVIAN's trip but that she subsequently conferred with VIVIAN and VIVIAN acknowledged that she had made the trip at the request of a man whom she did not know and therefore could not identify but that she declined to discuss the relationship of her Cleveland trip to the FBI.

ELEANOR GLASSMAN stated that she received one telephone call of a social nature thereafter from PERL and had a date with PERL in the latter part of September or in early October, 1950, at which time PERL told her he was keeping company with a girl in New York City whom he had formerly been acquainted with, and that he planned to marry her. He stated she had not seen PERL since he told her about this girl whom he did not identify.

Concerning JULIUS and ETHEL ROSENBERG, ELEANOR GLASSMAN stated that the ROSENBERGS were not friends of hers and that she was not certain whether or not she had ever met them and could not say definitely that she had or had not as she had casually met some of VIVIAN's friends. She stated that she and her sister did not travel in the same social circles but occasionally met each others friends and that she may have possibly met the ROSENBERGS but could not recall having done so.

She stated that she had visited VIVIAN GLASSMAN at 131 East 7th Street, New York City, on numerous occasions but does not recall meeting anyone there.

ELEANOR GLASSMAN was exhibited a group of photographs of individuals known to have been associated with VIVIAN GLASSMAN and she advised that JOEL BARR, ALFRED SARANT, ERNEST PATAKI and WILLIAM PERL were the only persons she had ever met. Among the photographs which she stated she did not recognize were photographs of JULIUS and ETHEL ROSENBERG and RUTH and DAVID GREENGLASS.

G. MISCELLANEOUS INFORMATION

The "New York Herald Tribune", edition of December 9, 1953, carried an article which reads in part as follows:

"Judge JOHN W. CLANCY denied an injunction yesterday (December 8, 1953) in United States District Court to a former woman employee of the Signal Corps at Ft. Monmouth, New Jersey, who sought to prevent Senator JOSEPH R. McCARTHY from calling her as a witness at open hearings of the investigation into alleged espionage at the vital radar base.

"Judge CLANCY ruled that: 'the court does not have the power to enjoin such a body (The Senate Permanent Investigation Sub-Committee) from calling a witness in open session, therefore the motion is denied'.

"Must honor subpoena.

"His ruling means that Mrs. ELEANOR HUTNER, 32, of 144 Henry Street, Brooklyn, must honor the Sub-Committee subpoena and testify whenever called. Open hearings are now being held in Washington. Mrs. HUTNER, a former inspector at Ft. Monmouth, was identified by ROY M. COHN, Chief Counsel for the Sub-Committee, as a sister of VIVIAN GLASSMAN, named at the espionage trial of JULIUS and ETHEL ROSENBERG as a close associate of the executed spies.

"Mrs. HUTNER brought the suit further on the grounds that the Sub-Committee lacked the power 'to conduct any investigation into matters relating to espionage or subversive activities'. She said she had testified in closed sessions of the Sub-Committee and denied having committed espionage against the United States or having given classified material to any person unauthorized to receive them."

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

0/s [ T-12, of known reliability, has advised that open session hearings were held by the McCarthy Hearings on December 15, 1953, at the United States District Court, Foley Square, New York, and among the witnesses appearing at the hearing was ELEANOR HUTNER, 144 Henry Street, Brooklyn, New York. According to the informant ELEANOR HUTNER read a prepared statement concerning an objection to the McCarthy Committee's jurisdiction but she was interrupted by Senator McCARTHY who ruled that the statement was not pertinent.

Informant advised that in answer to the Committee's question HUTNER stated she had been employed at Ft. Monmouth in 1942-1943. She testified she did not handle classified material while employed there and did not know whether she had been cleared for access to secret or confidential material. She testified that her maiden name was ELEANOR GLASSMAN and that she is the sister of VIVIAN GLASSMAN. She invoked the Fifth Amendment in refusing to answer whether VIVIAN GLASSMAN was a member of the Communist Party while VIVIAN was employed at Ft. Monmouth. According to informant ELEANOR HUTNER invoked the Fifth Amendment in refusing to answer numerous questions which included the following:

1. Did JULIUS ROSENBERG discuss your employment at Monmouth with you?
2. Did JULIUS ROSENBERG suggest that you go to work at Monmouth?
3. Were you a member of the Communist Party with JULIUS ROSENBERG?
4. Were you a member of a Communist Party cell with JULIUS ROSENBERG and VIVIAN GLASSMAN?
5. Whether she was a member of the Communist Party while at Ft. Monmouth.

II. LEWINTER'S CONNECTIONS WITH SOLOMON GREENBERG

DAVID GREENGLASS and his wife, RUTH stated they were recruited into a Soviet Espionage Apparatus by JULIUS ROSENBERG. DAVID GREENGLASS is presently serving a 15-year sentence at the Lewisberg Penitentiary for conspiracy to commit espionage and JULIUS ROSENBERG and his wife, ETHEL, were executed for conspiracy to commit espionage against the U. S. on 6/19/53. DAVID and RUTH GREENGLASS learned through conversations with JULIUS ROSENBERG during the period of 1946-1950 that he was extensively engaged in Soviet espionage and in this connection he used an apartment at the Greenwich Village Section of New York.

It was determined that the Greenwich Village apartment was located at 65 Morton St., New York City and was rented in the name of ALFRED SARANT from October, 1943, to January, 1951. When interviewed, SARANT advised Bureau agents that he had been a member of the Greenwich Village Branch of the Communist Party in the years 1943-1944 and had met JULIUS ROSENBERG. He denied that ROSENBERG was ever in his apartment at 65 Morton St., New York City.

ALFRED SARANT, following interviews by Bureau agents in July and August, 1950, fled the U. S. into Mexico entering under an assumed name and his present whereabouts are unknown.

On 7/19/50, during an interview with SARANT, a small address book containing a number of names, addresses and telephone numbers belonging to SARANT was located. On page 2 of this address book, the following listing appeared:

"SOL GREENBERG

Newark Confidential Informant T-7, of unknown reliability, has advised he had occasion to question JULIUS ROSENBERG concerning the names of his contacts and ROSENBERG said "You know a man by the name of GREENBERG who is a big electrical engineer at General Electric in Newark." It was determined that no engineer named GREENBERG had ever been employed by the General Electric Co. in Newark.

With reference to WILLIAM PERL, it is noted that DAVID GREENGLASS, confessed Soviet Agent, testified at a recent espionage trial "The United States versus JULIUS ROSENBERG, et al" that some time during 1948 JULIUS ROSENBERG told him that he had the mathematics on the problem of atomic energy for airplanes, which problem had just been completed by scientists. It is noted that T-3, of unknown reliability, advised that JULIUS ROSENBERG had stated that WILLIAM PERL had furnished him much valuable information including the plans for the use of nuclear energy in the propulsion of aircraft.

It should also be noted in this connection that the "Daily Worker" in the May 19, 1953, issue, page 3, columns 4 and 5, set forth an article under the caption "PERL trial seen as pressure on ROSENBERG Case." This article set forth that the United States Government had "launched" the trial of WILLIAM PERL, who was charged with perjury in that he had lied when he testified that he had not known "the ROSENBERGS."

The "Daily Worker" is an east coast Communist publication.

T-4, of unknown reliability, advised in September, 1950, that on one occasion he had heard HERMAN EPSTEIN, who is presently associated with the University of Pittsburgh, Pittsburgh, Pa., stated that in the event of a war with Russia he, EPSTEIN, would not support the United States.

o/s [REDACTED] b7D

In regard to BELA GOLD, T-6, of known reliability, advised that during the early 1940's GOLD was associated with several individuals involved in Soviet espionage operations in New York City and Washington, D. C.

B. International Workers Order

T-9, previously mentioned, advised that BERNARD KUSHNER, who was born in 1912, was a member in 1949 of Lodge Number 607 of the International Workers Order.

C. Connections of Concerns With Which the Subject Was Affiliated

1. Screenmakers

It has been mentioned above that, according to T-2, the subject was employed by Screenmakers at 60 Fulton Street, New York City, in March 1945. It is further noted that in his registration for voting in 1944 the subject indicated his occupation as a textile chemist with Screen Printers, Inc. at 64 Fulton Street, New York City. N.Y.

The records of the New York County Clerk's Office reflect that Screenmakers, Inc. was incorporated on March 25, 1942 with the following directors: HARRY E. ELLIS, ALEXANDER KASTEL, MAX BLOOM, LOUIS RUBINSTEIN and SAMUEL GORDON, all of 220 Broadway, New York City.

It is noteworthy that DAVID GREENGLASS, convicted Soviet espionage agent, has identified PHILIP SALOFF as a contact in 1949 of JULIUS ROSENBERG, convicted Soviet espionage agent.

During an interview by SA'S JOHN A. HARRINGTON and NORMAN E. BLISS on February 15, 1952, SALOFF admitted knowing ROSENBERG since about 1936 when SALOFF was Organizer for the Federation of Architects, Engineers, Chemists and Technicians (FABCT). SALOFF further stated that he met JULIUS and ETHEL ROSENBERG during World War II at a party while he, SALOFF, was working for the Audio Manufacturing Company at Glenbrook, Connecticut. Later, in about 1948, SALOFF said JULIUS ROSENBERG contacted him in an effort to get some business with the Pitt Machine Products Company, which was operated by ROSENBERG and GREENGLASS. SALOFF said that he decided Pitt was not set up to do the high caliber of work required by Audio and so no business came from this contact. During this interview SALOFF admitted having been a member of the International Workers Order for its insurance coverage since about 1940, but denied ever having been a member of the CP or having any knowledge that the CP exercised any control over the FABCT and he specifically denied any knowledge of espionage activity on the part of JULIUS ROSENBERG.

Concerning the FABCT, the following is noted:

On Page 151 of the book, "A Story of the CIO", by BENJAMIN STOLBERG, the following appears:

"Only four CIO unions are under complete control of Stalinist officials. They are the Federation of Architects, Engineers, Chemists and Technicians..."

On Pages 264 and 265 of the same book, the following appears:

"The Federation of Architects, Engineers, Chemists and Technicians was organized in 1934, mainly from the technical staffs in the Works Progress Administration. From the very beginning the Federation has been under Stalinist leadership and its rank and file are chiefly Communist Party followers."

NY 100-17957

[REDACTED] b7D

A review of Docket Number 6363, Supreme Court of the State of New York, Queens County, New York, by SA ROBERT F. LAUDERLIN reflects that at a special term, Part 2, Supreme Court of New York State for Queens County, Justice JAMES T. HALLINAN handed down a judgment on April 2, 1948 which ordered the Sunnyside Tenants Association and its members (including BERNARD KUSHNER) to remove any signs which they had placed on the property rented to them.

III. SUBJECT'S ASSOCIATES

A. Bernard Schuster

o/s It has been set forth above that the subject was employed with Screenmakers, a concern in which BERNARD SCHUSTER was a principal.

II. COMMUNIST PARTY (CP) OR RELATED  
ACTIVITIES

A. BAY AREA COUNCIL SOBELL COMMITTEE:

A characterization of the Bay Area Council Sobell Committee (BACSC) is contained in the appendix page of this report.

The Subject attended a public affair sponsored by the BACSC held at the Town House Hotel, 8th and Market Streets, San Francisco on June 21, 1963. At this affair a film was shown explaining the SOBELL case. According to the speakers in the film, SOBELL was convicted on his brother-in-law DAVID GREENGLASS' testimony. GREENGLASS had testified that MORTON SOBELL one day thought that men were following him and he had a can of film which he thought he better get rid of pertaining to atomic information which he brought to the ROSENBERG's home. It was on this that SOBELL was convicted.

In the film SOBELL's wife explained their trip to Mexico prior to his arrest and stated that they had thought about leaving Mexico City and going to a foreign country under forged passport.

A new book on the ROSENBERG case was also reviewed briefly and some prose reportedly written by the ROSENBERGS before their execution was read.

BAY AREA COUNCIL OF SOBELL COMMITTEES  
aka Committee to Secure Justice for  
Morton Sobell, Northern California  
Council of Sobell Committees

A source advised on October 31, 1955, that the Bay Area Council of Sobell Committees (BACSC) was formed on October 17, 1955, in San Francisco, California, as the local affiliate of the National Sobell Committee, to carry out the policies of the National Committee to obtain the freedom of MORTON SOBELL.

On May 9, 1963, a second source advised that the BACSC has its headquarters at 345 Franklin Street, San Francisco, California, and is continuing to function and plan future Sobell affairs.

On December 18, 1959, a third source advised that MARY KRVAR, a member of the Warehouse Club, Communist Party (CP) East Bay Region, Oakland, California, and the paid organizer for the BACSC, has stated that the CP is interested in controlling the BACSC so that the BACSC will continue to follow the line of the National Sobell Committee in attempting to obtain the freedom of MORTON SOBELL.

1. "For years, the Communists have put forth the greatest efforts to capture the entire American Labor Party throughout New York State. They succeeded in capturing the Manhattan and Brooklyn sections of the American Labor Party but outside of New York City they have been unable to win control." (Special Committee on Un-American Activities, Report, March 29, 1944, p.78.)

C. INFORMATION REGARDING SUBJECT'S MEETING WITH JULIUS ROSENBERG, JOEL BARR AND ALFRED SARANT

MAX ELITCHER, 164-18 72nd Avenue, Flushing, New York, has advised agents of the FBI that he was a member of the Communist Party, Washington D.C., from the latter part of 1939 until the summer of 1948. From the fall of 1942 to June, 1948 of the aforementioned period he was a member of the Navy Department cell of the Communist Party. He has admitted being approached about June, 1944 by JULIUS ROSENBERG for recruitment into Soviet espionage and subsequently on several other occasions up to May, 1948. MAX ELITCHER has also advised he was a college associate at the College of the City of New York of JULIUS ROSENBERG, MORTON SOBELL and WILLIAM PERL. HELENE ELITCHER, wife of MAX ELITCHER, has advised agents of the FBI that she was a member of the Navy Department cell of the Communist Party from the end of 1943 until March, 1946. She subsequently was a member of the housewives group of the Communist Party during 1947 and until she moved to New York City in September, 1948. She has stated she met JULIUS ROSENBERG for the first time in approximately 1944 and saw him on several social occasions thereafter in company with her husband.

NY 105-6705

MAX and HELENE ELITCHER advised SAs VINCENT J. GALL and ROBERT F. ROYAL in September, 1950 that during the summer of 1944 they met JULIUS ROSENBERG at the corner of 8th Avenue and 42nd Street, New York City. At that time they were accompanied by MAX ELITCHER's sister-in-law, RUTH ALSCHER. They were subsequently joined by WILLIAM PERL and an individual in an army uniform who was introduced to them as WILLIAM PERL's younger brother. They believed his name was SAM but could not make a positive statement or identify a photograph of SAMUEL PERL, but they were positive he was introduced as WILLIAM PERL's younger brother. *NY*

The group then proceeded to a restaurant known as Fernos, 236 East 52nd Street, New York City, but because they were not properly dressed were not admitted. They then walked to the Bird In Hand Restaurant located at 1659 Broadway, New York City, and had dinner. Sometime during dinner or shortly thereafter the ELITCHERS recalled that JULIUS ROSENBERG made a telephone call to JOEL BARR and a short time later JOEL BARR joined the group at the restaurant. BARR invited the group to his apartment which was located off Broadway in the vicinity of 100th Street. (It is to be noted that JOEL BARR resided at 241 West 97th Street, New York City, located near Broadway.) They recalled that the group walked up Broadway to Columbus Circle, went inside Central Park, and sat down on the grass for a short time. Thereafter they boarded a streetcar at Columbus Circle and Broadway and rode to a stop near BARR's home.

The ELITCHERS recalled that BARR lived in a penthouse type apartment which had an outside terrace. They spent a good deal of the time out on the terrace playing records, dancing, eating and engaging in general conversation. At approximately midnight with the group still consisting of JULIUS ROSENBERG, MAX ELITCHER, HELENE ELITCHER, RUTH ALSCHER, WILLIAM PERL, SAMUEL PERL and JOEL BARR, they left BARR's home and took a taxi to 65 Morton Street, Greenwich Village, New York, where a friend of BARR's named AL SARANT was then residing. The ELITCHERS recalled that they dropped RUTH ALSCHER off at her home enroute to SARANT's residence. The ELITCHERS recalled that SARANT resided on the fifth or sixth floor of a walk-up apartment at 65 Morton Street, New York *EUROP*

City. They could not recall whether JOEL BARR had a key to the apartment or whether SARANT admitted them; however, when they entered the apartment they were introduced to AL SARANT who appeared to have just arisen from bed. SARANT entertained them for a short while playing his guitar. After this the group left the apartment and separated, MAX and HELENE ELITCHER going home.

MAX and HELENE ELITCHER could not recall whether SAMUEL PERL was introduced to JULIUS ROSENBERG or was previously acquainted with him.

RUTH ALSCHER was interviewed on several occasions concerning this meeting but was uncooperative.

T-3, of known reliability, advised that WILLIAM PERL, 104 East 38th Street, New York City, received correspondence from SAMUEL PERL on August 20, 1950, and August 13, 1952. According to T-3 SAMUEL PERL's addresses were:

On April 5, 1941, JULIUS and ETHEL ROSENBERG were sentenced to death and MORTON SOBEL to 30 years imprisonment. JULIUS and ETHEL ROSENBERG were legally executed June 19, 1953, at Sing Sing Prison, Ossining, New York, and MORTON SOBEL is presently serving his 30 year sentence at the United States Penitentiary, Alcatraz, California.

WILLIAM PERL

WILLIAM PERL was convicted of two counts of perjury on May 22, 1953, in the United States District Court, Southern District of New York, to wit denying before a Federal Grand Jury that he was acquainted with JULIUS ROSENBERG and MORTON SOBEL. On June 5, 1953, WILLIAM PERL was sentenced to five years imprisonment and is presently serving his sentence in the United States Penitentiary, Terra Haute, Indiana.

ALFRED SARANT

ALFRED SARANT on July 28, 1950, advised SAs HERMAN C. LITTLEJOHN and ROBERT F. ROYAL that he resided at 65 Morton Street, Apartment 6-I, New York City, from October, 1943 to September, 1946 and he subsequently sub-leased his apartment to JOEL BARR and WILLIAM PERL. *Europe, April 2, 1951* *AK*

The records of Consolidated Edison Company, New York City, were checked by SA ALEXANDER C. BURLINSON on July 25, 1950, at which time it was noted that ALFRED SARANT, 65 Morton Street, Apartment 6-I, utilized facilities of this company (gas and electricity) from October 2, 1943, to February 1, 1950. *0/5*

T-4, of unknown reliability, advised that JULIUS ROSENBERG told him that ALFRED SARANT was a member of his espionage apparatus. T-4 added that JULIUS ROSENBERG also told him that SARANT was safe in Europe.

*Resident N.Y.*  
ELECTRA JAYSON, sister of ALFRED SARANT, 160 West Merrick, Baldwin, Long Island, advised on August 4, 1950, that ALFRED SARANT had been visiting his relatives at Baldwin, Long Island, in the latter part of July, 1950. During this visit he was joined by one CAROL DAYTON, wife of WENDELL BRUCE DAYTON, a next door neighbor at Ithaca, New York. It is to be noted that ALFRED SARANT during this period of time was residing in Ithaca, New York. According to Mrs. JAYSON, ALFRED SARANT and CAROL DAYTON departed from Baldwin, Long Island, on August 4, 1950, to return to their *AK 2. 11)*

respective homes in Ithaca, New York, but apparently their itinerary was changed at this point and instead of returning to Ithaca they proceeded in SARANT's automobile to the home of Mr. and Mrs. DONALD JAMES HAINES, 2805 Drahman Street, Tucson, Arizona, arriving there on August 7, 1950.

It is to be noted that DONALD HAINES was formerly married to CAROL DAYTON's sister who is now deceased.

Mrs. HAINES and CAROL DAYTON went to the Mexican Consulate in Tucson, Arizona, on August 8, 1950, where CAROL DAYTON obtained two visitors permits under the name of CAROL DAYTON and BRUCE DAYTON in order that CAROL DAYTON and ALFRED SARANT might enter Mexico. On August 9, 1950, Mrs. HAINES advised that she and her husband drove ALFRED SARANT and CAROL DAYTON from Tucson, Arizona, to Hermosillo, Mexico, in Mr. HAINES' 1950 Buick. They left SARANT and CAROL DAYTON at the Di Anzo Hotel in Hermosillo and returned to Tucson, Arizona, the same day.

JOEL BARR

DAVID GREENGLASS in July, 1950 advised SAs JOHN W. LEWIS and LEO H. FRUTKIN that JULIUS ROSENBERG told him in February, 1950 that JOEL BARR had left the United States in 1948 to do espionage work for the Russians in Europe and that BARR had been one of ROSENBERG's espionage contacts. GREENGLASS also stated that JOEL BARR was a close friend of JULIUS ROSENBERG.

T-4 advised that JULIUS ROSENBERG told him that JOEL BARR was a courier for the Russians and was in Europe.

DAVID GREENGLASS and  
RUTH GREENGLASS

DAVID GREENGLASS and his wife, RUTH GREENGLASS, have advised that they were recruited to work in the Soviet espionage apparatus by JULIUS and ETHEL ROSENBERG. ETHEL

ROSENBERG is the sister of DAVID GREENGLASS. DAVID GREENGLASS was sentenced on April 6, 1951, in the United States District Court, Southern District of New York, to 15 years imprisonment after entering a plea of guilty to Conspiracy to Commit Espionage. He is currently serving sentence in the United States Penitentiary, Lewisburg, Pennsylvania.

D. INTERVIEWS OF SAMUEL PERL

T-5, of known reliability, advised that he interviewed SAMUEL PERL on July 29, 1950, at Paris, France, and that PERL furnished him the following information:

~~SECRET~~

SAMUEL PERL had met JOEL BARR through PERL's brother, WILLIAM PERL, in New York City, about 1939. This was at a music recital in a private residence in New York City and WILLIAM PERL was present. SAMUEL PERL could not recall exactly where this recital had taken place but believed that it may have been in JOEL BARR's apartment.

~~SECRET~~

SAMUEL PERL stated that JOEL BARR and WILLIAM PERL were friends, both having gone to the College of the City of New York at the same time and later having done graduate work at Columbia University. Prior to SAMUEL PERL's going to Europe in September, 1949 and knowing that JOEL BARR was in Paris, SAMUEL PERL wrote BARR that he intended to be in Paris studying music and advised him as to when he expected to arrive. BARR met SAMUEL PERL at the railroad station in Paris in September, 1949 and took him to live with him at his quarters in a private residence, 16 Rue de la Pelouse, Neuilly - Plaisance (Seine et Oise) in the suburbs of Paris.

~~SECRET~~

SAMUEL PERL stated that prior to going to Europe he had not seen BARR more than six or seven times in the United States and that BARR on these occasions was always in the company of WILLIAM PERL.

SAMUEL PERL continued that he lived with BARR at this residence for about three weeks but found it so inconveniently located from the city and being without personal transportation he decided to move to Paris. His first address was 53

NY 105-6705

~~SECRET~~

Rue Notre Dame de Lorette, Paris, and he later moved to 81 Rue Maubeuge, his address at that time. PERL stated he saw very little of BARR after he, PERL, moved into Paris and explained that they were attending different music schools and lived far removed from each other.

~~SECRET~~

SAMUEL PERL continued that in April, 1950 he received a letter from his brother WILLIAM dated April 26, 1950, in which WILLIAM PERL advised that during an Atomic Energy Applicant investigation by the FBI allegations were made that he, WILLIAM, had connections with Communists including JOEL BARR and ALFRED SARANT and as a result WILLIAM PERL's loyalty was being rechecked. At that time WILLIAM PERL was employed by the National Advisory Committee for Aeronautics, Cleveland, Ohio. WILLIAM PERL requested SAMUEL PERL to interview JOEL BARR regarding this matter and especially to determine the whereabouts of SARANT. SAMUEL PERL stated that the allegations against his brother came as a complete surprise to him and that he had never received any information that his brother or any of his associates were Communistically inclined.

~~SECRET~~

SAMUEL PERL stated that he interviewed JOEL BARR when they met in the student's restaurant and BARR denied he had ever been a Communist but did admit that he had been discharged from a Civil Service job in the Federal Government due to a false accusation on the part of the Government that he was a Communist. BARR told PERL that in his opinion he got a "raw deal". BARR told PERL he left the United States because he could not get a job in private industry or in government service after being black-listed as a Communist.

SAMUEL PERL stated that he last saw JOEL BARR in the Students Cite Club, Paris, on or about June, 1950. At that time BARR advised PERL he was leaving Paris and talked about wanting to sell his motorbike. PERL expressed an interest in buying the motorbike but BARR discouraged him, saying he did not want to sell it to a friend, saying that it was not in good mechanical condition and would cause too much trouble to keep it in running order. PERL asked BARR where he was going and the latter replied to the effect that it would be better if PERL did not know his intended destination. PERL stated that since BARR left Paris some of the music students who knew him have asked if he knew BARR's whereabouts and

NY 105-6705

~~SECRET~~

have advised PERL that they have not received any word from him.

~~SECRET~~

On December 18, 1950, SAMUEL PERL was again interviewed by T-5 and PERL advised he had no further information as to where BARR had gone or the reason for his mysterious disappearance.

~~SECRET~~

On July 15 and 16, 1951, PERL was again interviewed by T-5. At this time SAMUEL PERL denied knowing MAX and HELENE ELITCHER and RUTH ALSCHER. He denied ever having attended a dinner in the Bird In Hand Restaurant, New York City.

~~SECRET~~

Relative to WILLIAM PERL's use of the Apartment at 65 Morton Street, SAMUEL PERL stated that he did not recall that his brother WILLIAM was actually renting the apartment from BARR, at least he did not think it was rented on a commercial basis as it was not WILLIAM PERL's habitual residence. SAMUEL PERL stated he used the apartment to entertain girlfriends when his brother permitted him to do so. SAMUEL PERL stated he had attended several soirees at JOEL BARR's residence which was in BARR's mother's residence. This address he recalled was in the vicinity of 97th Street in New York City. The soirees he attended at BARR's place were musical affairs and took place in the penthouse. He recalled that BARR had a good record player and many good records and that he, SAMUEL PERL, attended probably four of these affairs. He denied being in the company of his brother WILLIAM when it was alleged that SAMUEL and WILLIAM PERL and several others visited at the roof garden apartment of JOEL BARR. He stated he did not know JULIUS ROSENBERG and advised that he could not recognize photographs of JULIUS and ETHEL ROSENBERG when they were exhibited to him. PERL further stated he did not know ALFRED SARANT but admitted he had been in the SARANT apartment on several occasions in 1947.

~~SECRET~~

SAMUEL PERL was re-interviewed in Paris, France, on October 1 and 2, 1951, by T-5. PERL reiterated his previous contention that he did not remember having attended a dinner party at the Bird In Hand Restaurant in New York City. He denied knowledge of the existence of such a restaurant in

~~SECRET~~

NY 105-6705

~~SECRET~~

New York City and reiterated his previous denials of acquaintances with the other individuals previously mentioned except JOEL BARR. He stated he has had no contact with JOEL BARR since the spring of 1950 in Paris and had no knowledge of BARR's whereabouts.

~~SECRET~~

SAMUEL PERL indicated that he planned to remain in Paris, France, during the academic year 1951-1952 in order to continue his musical studies.

During the interview SAMUEL PERL remarked that he holds his older brother WILLIAM in special esteem as compared to other members of his immediate family, indicating he would be extremely reluctant to furnish any data which might be harmful to his brother.

He pointed out that his relationship with BARR was solely on a social basis after he had left the Western Electric Company where they had been employed together.

Concerning JOEL BARR the following information is noted:

T-1, of known reliability, advised that JOEL BARR of 553 Hopkinsen Avenue, Brooklyn, New York, was a Communist petition signer of number 2133 for PETER CACCHIONE dated August 9, 1939, 23rd Assembly District, of the 25th Election District.

T-2, of known reliability, [REDACTED] 95

Mr. NATHAN SUSSMAN, 56-55 205th Street, Bayside, Long Island, New York, advised SAS BURT S. TAYLOR and ROBERT F. ROYAL that in the latter half of 1942 a branch known as 16B of the Industrial Division, Communist Party, USA was organized. He stated that either JULIUS ROSENBERG, convicted Soviet espionage agent, or JOEL BARR had invited him to become a member of this branch. In instant interview conducted on March 30, 1951 SUSSMAN advised he recalled that 16B had a farewell party in 1944. He recalled that JULIUS and ETHEL ROSENBERG, JOEL BARR and others, including himself and his wife, attended this private dinner. (c) b1

On March 27, 1951 ISRAEL L. FANNENBAUM was interviewed by SAS TAYLOR and ROYAL. He stated that he had been active in the Young Communist League at Cooper Union College where he graduated in June 1939. In 1942 he was invited to join a study or discussion group of the Communist Party 121

and meetings of this group were held at JULIUS ROSENBERG'S apartment at 10 Monroe Street, New York City. TANNENBAUM identified a photograph of JOEL BARR as among those who were active in this Communist Party cell, which he believed was known as branch 16B.

The Young Communist League has been designated by the Attorney General pursuant to Executive Order 10450.

DAVID GREENGLASS, a self-confessed Soviet espionage agent now serving a fifteen year sentence at the United States Penitentiary, Lewisburg, Pennsylvania, having pled guilty to a conspiracy to commit espionage charge, in an interview conducted July 17, 1950 by SAs JOHN W. LEWIS and LEO H. FRUPKIN, advised that JULIUS ROSENBERG came to him and told him he would have to leave the country. ROSENBERG, according to GREENGLASS, was a Soviet agent and recruited GREENGLASS to do espionage work for the Russians. ROSENBERG on several occasions told GREENGLASS to leave the country and said that more important persons than GREENGLASS had left the country already such as JOEL BARR who had left before KLAUS FUCHS had been arrested in England. According to GREENGLASS, ROSENBERG told him that BARR was doing work for the Russians overseas. He believed BARR left the country around 1949, and that JULIUS ROSENBERG had told him that BARR had been one of ROSENBERG'S espionage contacts in the United States and was sent to Europe to do espionage work there for the Russian government.

T-3, of unknown reliability, but who was friendly with JULIUS ROSENBERG, advised in various interviews that ROSENBERG had told him that JOEL BARR was a courier for the Russians and in 1950 was in Europe where he was working for the Russian government.

On April 6, 1951 JULIUS ROSENBERG and his wife, ETHEL ROSENBERG, were sentenced to death in the Federal Court, Southern District of New York, for conspiracy to commit espionage against the United States. JULIUS and ETHEL ROSENBERG were executed on June 19, 1953.

Mrs. Danziger also admitted her husband had received a letter from Sobell while Sobell was in Mexico. Further, she attended Hunter College at the same time as Miriam Schorer, wife of the subject. Since both these persons have been interviewed and have displayed an attitude of limited co-operation, you are authorized to interview them for information concerning the subject and his wife.

Abraham Enmer has been interviewed by your office in 1956, 1958 and 1959 and has admitted his own former membership in the Young Communist League and identified Rosenbergs, Sobell, William Perl and Max Elitcher as members of the Young Communist League at CCNY. ## Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

DATE: 7/16/50

FROM : SAC, ALBUQUERQUE

SUBJECT: DR. EDWARD TELLER  
ATOMIC ENERGY ACT - EMPLOYEE  
SECURITY MATTER - C~~CONFIDENTIAL~~

Dr. EDWARD TELLER is presently the Assistant Director for Weapon Development of the Los Alamos Scientific Laboratory, University of California, Los Alamos, New Mexico. The Los Alamos Laboratory is the principal Atomic Energy Commission facility for weapon development and in his position, Dr. TELLER has complete information concerning all past and advanced plans for development of Atomic and Hydrogen Bombs. He is probably better informed concerning Hydrogen and Atomic development than any other person in the Atomic Energy program at the present time. Information has been received that Dr. TELLER may be a member of the Communist Party and that if this is true, he could furnish the Russian Government with almost, if not all, of this country's Atomic Energy secrets.

The purpose of this letter is to summarize available information indicating that TELLER may be a member of the Communist Party or sympathetic towards Communism and to set out certain leads in an attempt to establish Communist sympathies on the part of TELLER. In view of TELLER's position, it is believed imperative that he be identified or eliminated as being identical with the EDWARD TELLER whose name appeared on the roster of teachers of the Workers' School in New York City in 1941.

EDWARD TELLER was born on January 15, 1908, at Budapest, Hungary. He was naturalized March 4, 1941, at Washington, D.C. He was employed as a physicist by the University of California at Los Alamos, New Mexico, from April 1, 1943, to January 31, 1946, at which time he terminated and went to the University of Chicago. He continued to be a consultant of the University of California at Los Alamos and in this capacity visited Los Alamos at frequent intervals until July 1949, at which time he returned to Los Alamos as the Assistant Director for Weapon Development.

OK [ own ideas on Government. He continued that he was deeply concerned about the war situation because of the attitude of Russia and that his fear about what the present tension or what the war might result in led him to lay aside his work at the University of Chicago for a year or so and to return to Los Alamos to assist in the Atomic Energy program. He stated that he felt in returning to Los Alamos he did not want to be in the position where he felt he could not read anything about Russia or Communism or Communist publications as he wanted to know as much about the developments in Communism and what was going on in Russia. Further, he did not want to be placed in the position where he could not associate with his friends who had definite political views or if they were sympathetic towards Communism, as he did not discuss his work and Atomic Energy with anyone who was not cleared for such discussion.

2/22/50 [ On February 14, 1950, Mrs. AUGUSTA TELLER was interviewed concerning EMIL JULIUS KLAUS FUCHS who has admitted Soviet Espionage activities. She advised at that time that in the latter part of November 1945 she had made a trip with FUCHS and Mr. and Mrs. RUDOLPH PEIERELS to Mexico City. She also stated in November 1947, at which time FUCHS was back in the United States he had had dinner at her home on two occasions in Chicago, Illinois.

Dr. EDWARD TELLER was also interviewed concerning FUCHS on February 14, 1950, at which time he advised that he had first met FUCHS at Los Alamos in 1944 and that he had had some business and social contact with him during the time FUCHS was at Los Alamos. TELLER stated that he was in England during the summer 1949 and that he saw a lot of FUCHS at that time. He stated FUCHS had met him at the American Embassy in London shortly after TELLER's arrival in England and that later they had official contact at Harwell. One evening during TELLER's stay at Harwell, he had spent several hours with FUCHS at FUCH's flat.

[REDACTED] b7D  
THEODORE ALVIN HALL has been identified as a Soviet Espionage Agent while at the Los Alamos Project.

OK [ THEODORE ALVIN HALL gave the name of EDWARD TELLER as a reference at the time he applied for Federal Security Agency Fellowship #2218 on December 18, 1949. In a letter dated January 24, 1950, EDWARD TELLER stated that he had been acquainted with HALL for a few years both in the Los Alamos Laboratory and

TELLER stated that he next saw TISZA in 1940 or 1941 when TISZA came to the United States and lived with TELLER for a period of about two months in Washington, D.C. TISZA later obtained a position at the Massachusetts Institute of Technology, Cambridge, Massachusetts. TELLER concluded that he was as sure as anyone could be that TISZA is no longer interested in Communism and, in fact, is definitely against it.

During the same interview, TELLER advised that he was closely acquainted with one DEAN BURK in Washington, D.C., from 1935 to 1941, at which time BURK was employed as a biologist at the Fixed Nitrogen Laboratory of the United States Department of Agriculture. TELLER stated he did not know whether BURK was ever a member of the Communist Party but that BURK would have clear-cut Russian sympathies and was always supporting the foreign policy of Russia. BURK was particularly strong in his defense of Russia's entering into a pact with Germany in 1939. TELLER stated that he felt that BURK is a straight-forward honest individual even though he is sympathetic towards Communism, would not do anything to injure the United States.

Subject TELLER is at the present time very outspoken against Russia, which appears strange in view of TELLER's position in the Atomic Energy set-up and in view of the fact that his and his wife's parents, as well as other relatives, are presently in Hungary under Russian domination.

During all the time that TELLER has worked at Los Alamos, he has made frequent trips away from the Project and was in New York City on a number of occasions during the latter part of 1944 and the first part of 1945 during the same period that DAVID GREENGLASS and THEODORE ALVIN HALL were being recruited as Soviet Espionage Agents.

THEODORE ALVIN HALL. He was asked if he had heard anything that would indicate that any employees at Los Alamos had relatives who were presently in Communist dominated areas or if there was any indication that the Russians had put any pressure on these relatives in any effort to obtain Atomic Energy information. After the names of the employees at Los Alamos had been mentioned, he mentioned the information that Dr. EDWARD TELLER's parents were presently over there.

RE: HENRY LINSCHITZ - NY - 10492  
ATOMIC ENERGY ACT - APPLICANT  
(Bufile 116-163696)

Dear Sir:

Rebulet to Albany dated October 27, 1950!

Mr. HARRY R. WALSH, Security Section, Atomic Energy Commission, 350 Fifth Avenue, New York, New York, advised Manhattan Engineering District file DSM-2a-535 on HENRY LINSCHITZ transferred to either AEC, Washington, D.C. or AEC Record Repository, Oak Ridge, Tennessee. Washington Field Office and Knoxville requested November 6, 1950 to locate above file for pertinent information.

Mr. ARTHUR E. RILEY, AEC Security Section, conducted MED investigation on SAM SOROF and HENRY LINSCHITZ in 1944 but is unable to recall pertinent information or investigation conducted re applicant.

New York copy of letter dated August 1, 1950 from Albuquerque to Bureau entitled "DAVID GREENGLASS, was., ESPIONAGE-R" (Bufile 65-59192) relates that AEC Security Office has no file on applicant but that LASL files show HENRY LINSCHITZ, born August 18, 1919, was a civilian employee from November 19, 1943 to February 11, 1946.

Report entitled, "DAVID GREENGLASS, was., ESPIONAGE-R" (Bufile 65-59152), by SA JOHN W. LEWIS dated June 26, 1950 at New York reflects that the name of HENRY LINSCHITZ, 880 West 181st Street, New York appeared in a small telephone book which was found in the GREENGLASS apartment by SA LEO FRUTKIN during a search of that apartment on June 15, 1950.

Report of SA LEO H. FRUTKIN dated August 5, 1950 at New York in the GREENGLASS case relates that GREENGLASS said HENRY LINSCHITZ was one of the physicists employed at Los Alamos, Atom Bomb Project, and whom he understood was inclined to Leftist tendencies politically. (u)

During an interview with GREENGLASS, conducted by SA FRUTKIN on August 22, August 31, and September 1, 1950 in case entitled, "JULIUS ROSENBERG; ETHEL ROSENBERG, was., ESPIONAGE-R", GREENGLASS said he has no actual basis to substantiate his previous statement as to LINSCHITZ' Leftist tendencies.

GREENGLASS advised SA JOHN A. HARRINGTON on August 31, 1950 that he believed he gave the name of Dr. ~~HENRY LINSCHUTZ~~ (LINSCHITZ) to HARRY GOLD as a possible recruit at Los Alamos.

In his statement made to United States Attorney MYLES J. IANE, Southern District of New York, in the presence of SA WILLIAM F. NORTON on August 4, 1950, GREENGLASS mentioned the name of Dr. LINSCHITZ as among scientists who discussed various component parts of bombs at various times. This information is contained in report of SA JOHN W. LEWIS dated September 26, 1950 at New York in the GREENGLASS case.

The New York indices fail to reflect any comments made by ~~HARRY GOLD~~ concerning HENRY LINSCHITZ.

The above information is furnished by letter rather than report inasmuch as it concerns DAVID GREENGLASS and HARRY GOLD, subjects of major espionage cases.

RUC.

Very truly yours,

*Edward Scheidt*

An Atomic Energy Act - Applicant investigation conducted on the above-captioned individual in August, 1951, failed to disclose any disloyal information. Investigation did disclose, however, that Bellman was one of a number of individuals listed by David Greenglass at the request of Julius Rosenberg as one whom Greenglass believed ideologically suited for recruitment into Soviet espionage.

You are instructed to interview Greenglass in an attempt to determine why he suggested Bellman as being ideologically suited for recruitment into Soviet espionage.

A copy of the applicant's Security Questionnaire is attached herewith for your assistance in this matter. This request should be handled by an experienced Agent and given expeditious attention.

[REDACTED] DOE  
DAVID GREENGLASS, who has been convicted of Soviet espionage, advised agents of the FBI that he had furnished the names of eighteen or nineteen potential espionage recruits at Los Alamos to JULIUS ROSENBERG and HARRY GOLD, both of whom have been convicted of Soviet espionage. GREENGLASS said that he did not know that any of the potential recruits mentioned by him were Communist but that he had learned through either working with them or living with them in the barracks at Los Alamos, or both, that they were liberal and believed in a welfare state. One of the names was that of THOMAS ALLAN FINEBERG.

A report of the Seditious Activities Investigation Commission of the Illinois State Legislature prepared in 1948 by Mr. CHARLES E. KRUGER, contained information pertaining to members of the Communist Club at the University of Chicago. This information includes the following:

On December 1, 1950, at Chicago, Illinois, THOMAS ALLAN FINEBERG advised agents of the FBI that he was formerly a member of the U. S. Army and was stationed at Los Alamos, New Mexico from June 6, 1944 to March 6, 1946 where he was assigned to Barracks B for one month and thereafter to Barracks D. He stated that he was acquainted with DAVID GREENGLASS at Los Alamos but did not know him well and recalled that GREENGLASS resided in a barracks near him. He advised that he believed that he first knew GREENGLASS in 1945 and knew him well enough to speak to him. He said he did not associate with GREENGLASS socially and only met him occasionally in the vicinity of the barracks. He stated that GREENGLASS gave him no indication he was engaged in espionage activities and at no time sought to obtain information from him. He was of the opinion that GREENGLASS was a Leftist because GREENGLASS favored higher wages, strikes and more equality in general. He said that he had no contact with GREENGLASS after leaving Los Alamos.

On March 26, 1951, Confidential Informant T-7, of unknown reliability, advised that he had formerly lived in the same barracks as subject GREENGLASS at Los Alamos. He stated that NORMAN GREENSPAN, WILLIAM SPINDEL and GREENGLASS lived in the same corner of the barracks and associated with each other almost continuously. He stated that they were all filthy in their personal habits and that most of the other men in the barracks had little to do with them. He stated that another associate of GREENGLASS at Los Alamos was THOMAS A FINEBERG. He advised that FINEBERG bragged about the fact that he was a liberal and had stated that he had a lot of the same ideas as the Communist. FINEBERG also commented that he had his ideas first and that the fact that they coincided with the ideas of the Communist was an accident. T-7 said that he had heard that at one time while FINEBERG was in the United States Army he had made a trip through the South and had demanded that he be allowed to sit in the Negro cars on trains.

T-7 vaguely recalled that when either FINEBERG or GREENGLASS would read an article in some magazine, they would call it to the other's attention and discuss the articles with each other.

0/S The applicant's Personnel Security Questionnaire reflects that he attended Ohio State University, Columbus, Ohio during 1943 and 1944 while "in Service." The records of the University of Chicago Admissions Office reflect that THOMAS ALLAN FINEBERG attended Ohio State University while in the Army Specialized Training Program.

During an interview with SAS DONALD G. HARRIS and JAMES H. HIGDON, JR. during August, 1950, JAVNA advised that he had been acquainted with JULIUS ROSENBERG when they were classmates at City College of New York. He stated that at that time he knew ROSENBERG only casually. JAVNA advised that he formed his company, the Magnetic Devices Corporation, during 1945 and obtained a sub-contract to manufacture solenoid parts for the Curtiss-Wright Propeller Division of Caldwell, New Jersey. JAVNA stated that his company was first located in Elmhurst, New York, moved to 232 Broad Avenue, Palisades Park, New Jersey, and then to 101-103 South Van Brunt Street, Englewood, New Jersey.

JAVNA advised that sometime in the summer of 1946, JULIUS ROSENBERG visited him at his apartment at 131 East 7th Street, New York City. At this time, JAVNA stated ROSENBERG advised JAVNA that he and his brother-in-law, DAVID GREENGLASS, owned and operated the G and R Engineering Company on the lower east side of Manhattan, and were engaged in machine shop operations. JAVNA stated that prior to August, 1946, he visited the G and R Engineering Company, at which time he met DAVID GREENGLASS for the first time.

JAVNA advised that during 1946, he gave a purchase order to the G and R Engineering Company for the manufacture of caps and cores.

JAVNA advised that his dealings with the G and R Engineering Company lasted from approximately August, 1946 until February or March of 1948 when, because of the unsatisfactory work done by this company, he decided to manufacture the entire solenoid including caps and cores himself.

ETHEL and JULIUS ROSENBERG were convicted for conspiracy to commit espionage against the United States Government and were executed at Sing Sing Prison on June 19, 1953.

DAVID GREENGLASS was indicted by a Federal Grand Jury for the Southern District of New York on October 10, 1950 for conspiracy to commit espionage. GREENGLASS entered a plea of guilty to this indictment on October 18, 1950 in the United States District Court, Southern District of New York, and was sentenced on April 6, 1951 to fifteen years in a penal institution by Federal Judge IRVING R. KAUFMAN.

With reference to WILLIAM PERL, it is noted that DAVID GREENGLASS, confessed Soviet agent, testified in a recent espionage trial, "The United States versus JULIUS ROSENBERG, et al", that sometime during 1948 JULIUS ROSENBERG told him that he had the mathematics on the problem of atomic energy for airplanes, which problem had just been completed by scientists.

It is noted that T-2, of unknown reliability, has advised that JULIUS ROSENBERG had stated that WILLIAM PERL had furnished him much information, including the plans for the use of nuclear energy in the propulsion of aircraft.

It should also be noted in this connection that the "Daily Worker" in the May 19, 1953, issued, Page 3, Columns 4 and 5, set forth an article under the caption, "Perl Trial Seen As Pressure on Rosenberg Case." This article set forth that the United States Government had "launched" the trial of WILLIAM PERL, who was charged with perjury in that he had lied when he testified that he had not known "the ROSENBERGS."

The "Daily Worker" is an East Coast Communist publication.

On June 15, 1950, the apartment of DAVID GREENGLASS was searched by agents of the New York Office of the Federal Bureau of Investigation with GREENGLASS' permission in connection with another investigation of a security nature. During this search a list of names, containing the names ESTHER and HARRY ZEPLOWITZ, 546 Hopkinson Avenue, was found.

On April 6, 1951, DAVID GREENGLASS was sentenced to a term of fifteen years by Judge IRVING R. KAUFMAN, United States District Court Judge, Southern District of New York, on a plea of guilty to the charge of conspiracy to commit espionage.

Upon interview in connection with this investigation,

NY 121-11579

DAVID GREENGLASS advised that he does not know the appointee or the latter's wife. GREENGLASS stated that he did not compile the above-mentioned list of names. It was his impression that the list was compiled by his wife, RUTH, for a mailing list for Christmas cards and the like.

Mrs. RUTH GREENGLASS, wife of DAVID GREENGLASS, advised she does not know the appointee or his wife. Mrs. GREENGLASS advised that the list of names referred to above consisted of the names of friends of relatives of her and her husband, and also friends and relatives of BERNARD GREENGLASS, DAVID'S brother, and GLADYS GREENGLASS, deceased wife of BERNARD GREENGLASS. ## PURPOSE:

To recommend that a preliminary inquiry be conducted on the appointee who is related to a subject in a pending Espionage case.

## BACKGROUND:

A loyalty form has been received concerning the appointee and a check of the Bureau files reflects that she is related to Anne Hanusiak Sidorovich, a subject in the case entitled "Michael Alexandria Sidorovich, with aliases, Anne Hanusiak Sidorovich, Espionage -R, Perjury."

Bureau files indicate that in an interview with David and Ruth Greenglass it was determined that Anne Sidorovich was the individual who was originally scheduled to contact Ruth in Albuquerque, New Mexico, to secure information from David for Julius Rosenberg. Actually, Harry Gold made the contact. It was also indicated that Michael Sidorovich may have been photographing material for the Soviets in 1944. When interviewed and also when testifying before a Federal Grand Jury the Sidorovichs denied engaging in Espionage and also denied knowing William Perl, an individual believed to be involved in the Rosenberg Network. Consideration is presently being given to prosecuting the Sidorovichs for perjury because of their denying Perl.

*knowing*  
 Bureau files reflect that when interviewed, Anne Sidorovich advised that she attended some socials of the IWO and that she has a brother, Paul Hanusiak, who was born in Connecticut and is now stationed

According to Anne another brother, Michael, is employed by the IWO in Pittsburgh and her father carried IWO insurance. Michael Sidorovich admitted fighting for the Loyalists in Spain as a member of Abraham Lincoln Brigade, and also admitted membership in the Young Communist League and the IWO.

Bureau files further indicate that Rosenberg allegedly stated to an informant of unknown reliability that the Sidorovichs were members of his espionage ring and further that Ann Sidorovich could not possibly confess since it would "involve her whole family."

It is noted that the appointee is employed in an excepted position.

David Greenglass, who was sentenced to a term of fifteen years in the penitentiary following a conviction on a charge of conspiracy to commit espionage in Federal Court, Southern District of New York, New York City, on April 8, 1951, furnished information during the course of interviews with representatives of this Bureau concerning two lists of names which he had prepared of potential espionage recruits who were employed by the Manhattan Engineer District at Los Alamos, New Mexico. He said there were eighteen or nineteen individuals included on the two lists. The first list he gave to Harry Gold at Albuquerque, New Mexico in June, 1945. The second list he gave to Julius Rosenberg in New York City.

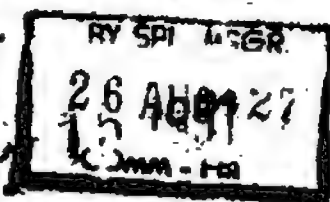

It is to be noted that Harry Gold was sentenced to thirty years in the penitentiary following his conviction on a charge of conspiracy to commit espionage on January 9, 1951, in Federal Court, Eastern District of Pennsylvania, at Philadelphia. Julius Rosenberg received a death sentence on a charge of conspiracy to commit espionage on April 5, 1951, in Federal Court, Southern District of New York, at New York City.

Greenglass said he did not know that any of the potential recruits listed by him were Communists but that he had learned through either working or living with them at the barracks at Los Alamos that "they were liberal and believed in a welfare state."

Harry Gold, when interviewed, recalled he did receive a written report from Greenglass at Albuquerque, New Mexico, in June, 1945. He believes the report did include a list of names. He does

not recall the names on the list and the only information he can furnish with respect to the names is that the complete report was turned over to Anatoli A. Yakovlev, his Soviet espionage superior. He does not know of any action taken by the Soviets with respect to the names.

One of the names Greenglass stated he listed was that of Benson Zweig, who was stationed at Los Alamos as a member of the Special Engineer Detachment from about December, 1944, to March, 1946.

In March, 1951, Zweig was interviewed and related that he first met Greenglass when he arrived at Los Alamos and was assigned to a bunk next to Greenglass. Greenglass, according to Zweig, often talked about the progress of organized labor and praised the Russians for their progress and accomplishments during the war. Zweig agreed with Greenglass regarding the progress made by United States workers and related that he was sympathetic to Russia during 1945, which, according to him, was the popular view of that time. Zweig related that he is not now and never has been a member of, nor sympathetic with the Communist Party and never has been a member of any organization supporting Communism. He said he does not associate with anyone known to him to be a Communist, that he does not know Julius Rosenberg and has not seen Greenglass since leaving Los Alamos in 1946. He related that he never has been approached by Greenglass or anyone else to furnish any material or information for the aid or use of Russia.

The foregoing information is being furnished to you for your confidential information and any action deemed appropriate. No further investigation will be conducted by this Bureau in the absence of a specific request.

At Los Alamos, New Mexico

o/s [ The files of the Atomic Energy Commission Records Center reflect that the appointee was a soldier in the Special Engineer Detachment, Manhattan Engineer District, U. S. Army Engineers, and stationed at Los Alamos, New Mexico, from January 1945 to March 7, 1946. While stationed at Los Alamos, he was assigned to work in the Los Alamos Scientific Laboratory.

There were approximately fifteen barracks occupied by soldiers in the Special Engineer Detachment at Los Alamos, and no record could be found in the Atomic Energy Commission Records Center as to the barracks in which the appointee resided while at Los Alamos.

JAMES S. CHURCH, Section Leader, Los Alamos Scientific Laboratory, and a former member of the Special Engineer Detachment at Los Alamos, advised that the appointee had worked under him while at Los Alamos. He continued that to the best of his recollection, the appointee appeared to be loyal to the United States and to believe in the democratic form of government as practiced in the United States. CHURCH stated that he bases this opinion on the fact that the appointee appeared to have little, if any, interest in politics or foreign affairs, and certainly did not make any remarks indicating disloyalty to the United States or favoring any foreign governments. CHURCH also stated that he was acquainted with DAVID GREENGLASS, who was convicted of espionage in early 1951, while GREENGLASS was a soldier at Los Alamos, and that although the appointee was acquainted with GREENGLASS as a fellow soldier the same as he, CHURCH, was, he never considered the appointee to be a friend or associate of GREENGLASS.

o/s [ CHURCH also advised that he believes the appointee resided in "B" barracks while at Los Alamos, but that undoubtedly he had lived in several barracks, as had all the soldiers at Los Alamos.

Dear

I regret exceedingly that I am not able to sign this letter (what follows will indicate the reasons why).

I think it my duty to tell you what follows, at this moment when general war threatens to break out.

They are about to nominate to the War Department Mrs. Anna Rosenberg. This is a case - as you doubtless know better than I - of a Jewish woman originally from Hungary. She keeps indirect relations with two Hungarian Ministers: Rakos, (real name, Rosenkranz) and Erno Gero (real name, Singer), both are Jews. Mrs. Anna Rosenberg may also be corresponding through persons in Israel with Anna Pauker, Minister of Foreign Affairs in Bucharest, also a Jew. The latter's father and brother are established in Israel.

Conclusion: atomic espionage has been practised, as you know, by Kurt Fuchs, David Greenglass, Sidney Weinbaum, Prof. Pontecorvo, etc., all without a single exception Jews.

Even as I write you these lines, the Russians are getting possession (after having gained atomic secrets, thanks to the above mentioned spies) of information concerning the American Department of War, thanks to Mrs. Anna Rosenberg.

If you think, that this letter is addressed to you by a madman, throw it in the fire; if not, please consider the information given you by one who is au courant of what is going on. Is there not in the United States a single genuine American who could be nominated Under Secretary in the Department of War, especially at a time like this through which we are passing.

## II. BASIS FOR INVESTIGATION

✓ This investigation was conducted based on information received from DAVID GREENGLASS that he, GREENGLASS, at the request of JULIUS ROSENBERG, compiled lists of individuals whom he believed ideologically suited for recruitment into the Soviet Espionage System, who were employed at the Los Alamos Atom Bomb Project, New Mexico. Included within these lists was the name of WILLIAM SPINDEL.

Concerning DAVID GREENGLASS, on January 31, 1951, the Federal Grand Jury for the Southern District of New York, handed down a second superseding indictment charging DAVID GREENGLASS with conspiracy to commit espionage between June 6, 1944 and June 16, 1950.

On February 2, 1951 DAVID GREENGLASS entered a plea of guilty to the indictment handed down on January 31, 1951, before United States District Judge, HENRY W. GODDARD of the Southern District of New York.

Concerning JULIUS ROSENBERG, he was convicted in the Federal District Court, Southern District of New York, on March 29, 1951, on charges of espionage. He was sentenced to death by Federal Judge, IRVING B. KAUFMAN on April 5, 1952. This sentence was upheld by the United States District Circuit Court of Appeals on February 25, 1952. After various unsuccessful appeals, JULIUS ROSENBERG was ~~convicted~~<sup>executed</sup> on June 19, 1953.

III. RESULTS OF INVESTIGATION

In 1951, during the course of a previous investigation conducted by the Federal Bureau of Investigation, DAVID GREENGLASS was interviewed and he advised that at the request of JULIUS ROSENBERG, he compiled lists of individuals working at the Los Alamos Atom Bomb Project in 1944 and 1945, whom he believed to be ideologically suited for recruitment into the Soviet Espionage System.

GREENGLASS stated that he furnished these lists, one to JULIUS ROSENBERG in January of 1945 and the other to another individual on June 3, 1945, but is unable to recall which names were included in which lists. He said that he did not know that any of the potential recruits mentioned by him were Communists but that he had learned through either working with them or living with them in the barracks at Los Alamos, New Mexico, or both, that they were "liberal" and believed in a "Welfare State". He stated that some names are included in both lists. Included within these lists was the name of WILLIAM SPINDEL.

DAVID GREENGLASS further advised that WILLIAM SPINDEL impressed him as a "leftist", but he was unable to state whether he was a member of the Communist Party. He advised that as far as he knew WILLIAM SPINDEL was unknown to JULIUS ROSENBERG.

DAVID GREENGLASS further advised that his wife came to Albuquerque, New Mexico in about February of 1945. She had difficulty in finding a place to live, so resided for a while with the wife of WILLIAM SPINDEL on West Coal Street, Albuquerque, New Mexico. DAVID GREENGLASS stated that his wife subsequently moved to 209 North High Street, Albuquerque, New Mexico. He further mentioned that he, WILLIAM SPINDEL, and a tall red-headed fellow had been partners in the purchase of an automobile.

DAVID GREENGLASS further advised that Mrs. SARA SPINDEL had been active in the American Student Union, at one time.

During the course of a previous investigation conducted by the Federal Bureau of Investigation, [REDACTED] was interviewed on February 3, 1951 and advised that DAVID GREENGLASS was assigned the bunk next to the bunk occupied by WILLIAM SPINDEL and himself at Los Alamos, New Mexico. He stated that a close friendship among the three men arose, but soon dwindled as it became apparent that Mr. GREENGLASS was not possessed of the same intelligence as was WILLIAM SPINDEL and himself.

[REDACTED] described DAVID GREENGLASS as "stupid". [REDACTED] advised that eventually he and WILLIAM SPINDEL moved into another barrack and following this, they drifted apart from DAVID GREENGLASS.

# GREENGLASS DATA IS OLD, ROGGE SAYS

Lawyer Denies Atom Spy, Who  
Will Testify Friday, Gave  
"Important Information"

By EDWARD RANZAL

O. John Rogge, counsel for David Greenglass, denied yesterday the contention of Senator Joseph R. McCarthy's subcommittee that the confessed atom-spy had supplied "important information on espionage in the radar field."

Mr. Rogge said that Greenglass had been cooperative when questioned last Thursday by staff members of the Senate Permanent Subcommittee on Investigations at the Federal Prison at Lewisburg, Pa. He added, however, that the Federal Bureau of Investigation had covered in great detail every subject explored by the subcommittee.

"Toward the close of the two-hour interrogation, Mr. Rogge said, Warden G. W. Humphrey, who was present throughout, observed that the prisoner had told the same story many times before to the F. B. I."

Nonetheless, Francis P. Carr, executive director of the subcommittee, announced yesterday that Greenglass would testify on Friday at a closed session at the United States Court House, Foley Square.

Senator McCarthy, Wisconsin Republican who heads the subcommittee, will be on hand here today to continue the subcommittee's investigation of espionage and Communist activities in the Army's Signal Corps.

## Trail Led to Greenglass

Greenglass, now serving fifteen years for his part in a wartime atom spy plot, is the brother of the executed spy, Ethel Rosenberg. He testified against his sister and brother-in-law, Julius Rosenberg, who also was executed for atomic spying.

In Senator McCarthy's investigation of the Fort Monmouth, N. J., radar laboratories, Rosenberg's name cropped up so frequently that the subcommittee has indicated that Rosenberg organized an espionage ring there. Rosenberg was employed at Fort Monmouth for several years during World War II.

Thus, the subcommittee's espionage trail led again to Greenglass and resulted in the questioning of the panelists.

There were three points in which the subcommittee was most interested. Reference to each can be found in Greenglass' direct testimony at the Rosenberg trial.

Greenglass was asked what he knew about Joel Barr. At the trial he said that Rosenberg had told him that Barr, who also had worked at Fort Monmouth, was an important member of Rosenberg's espionage ring. Rosenberg said he told Greenglass that Barr fled the country by obtaining a passport for Belgium in 1948, ostensibly to study music.

Greenglass also repeated for the subcommittee the story told by Rosenberg that the latter had stolen a proximity fuse while Rosenberg was working for the Emerson Radio and Phonograph Corporation. The fuse, a one-time military secret, was used to explode artillery shells.

## 8 More Are Questioned

The last point covered the period after Greenglass' release from the Army. The prisoner had a job with the Arma Corporation, manufacturers of classified material. Rosenberg asked Greenglass to supply statistics to the ring, according to the testimony, and Greenglass refused.

Meanwhile, eight more witnesses were questioned yesterday by Roy M. Cohn, chief counsel for the subcommittee.

In another espionage investigation, Harry Gold, also a confessed atom spy now serving thirty years, supplied the Senate Internal Security subcommittee with a second sworn affidavit in four days.

In it, he further linked Alexander Svehchansky, former American radio broadcaster for the Russian section at United Nations headquarters, with a Soviet spy ring.

Mr. Svehchansky, 44 years old, of 144-58 Village Road, Jamaica, Queens, was dismissed from the United Nations last year and subsequently awarded indemnities of \$20,000 in lieu of reinstatement.

# Reveal 200 Spied For Stalin in U. S.

By HOWARD RUSHMORE

Since V-J day, four Americans have been arrested by the FBI and charged with participation in Soviet espionage rings set up by Stalin to steal our atomic secrets.

Yet the FBI's files will show that for every American arrested as a Soviet spy, approximately 50 others equally guilty of treason are still at liberty.

This was learned today from a survey which estimated that a minimum of 200 citizens of this country served in Stalin's espionage network during and after the war.

## NAMES LISTED

Their names were listed along with a summary of their treasonable activities in a special FBI report on Russian espionage. The report was given administration leaders in November, 1945.

In 1945 the FBI knew nothing about Klaus Fuchs, German-born atomic scientist now in a British prison. Neither did the G-men have information on Julius Rosenberg, David Greenglass, Harry Gold and Alfred D. Black, arrested recently as members of the Fuchs spy apparatus.

## HEADED NETWORK

The "boss" of the network, personally assigned by Stalin and the MVD to head up the American spy system, was Arthur Alexandrovich Adams.

Adams, regarded as far more important than Fuchs and the four Americans now under arrest, disappeared in December, 1945, shortly after the N. Y. Journal-American and other Hearst newspapers exposed him.

Of the 200 linked by the FBI with Soviet spying, a total of six now face legal justice — four on

# Commission Report Tells How Commies Corrupted 4 Too-Bright Individuals

By FREDERICK WOLTMAN,

Staff Writer.

Money was a negligible factor—if any at all—to the key spies who stole the bomb secrets of the American-British-Canadian atomic projects for the Soviet Union.

Their motivation went far deeper—to a state of mind conditioned in their formative years by an atmosphere of conspiracy which surrounds anyone "pulled into a Communist apparatus."

This was the conclusion of the Joint Congressional Committee on Atomic Energy in its 222-page report, "Soviet Atomic Espionage," made public this week. The committee sought to analyze what makes a non-Russian Soviet agent tick.

## Caught Them Young.

"As a secret participant of Communist activities," said the report, each of the principals in his youth "had been gradually brought to a state of mind where the dictates of honor, duty, loyalty and integrity could be overcome." And the Red apparatus, in which they became enmeshed, "systematically destroyed their sense of moral values and substituted the facile capacity for rationalization found in the code of totalitarian dictatorship."

"Ego gratification" was a powerful element, as it is with all adherents of the totalitarian code.

Dr. Alan May Nunn, the British scientist serving 10 years, was described as "a bald, mousy little man." Klaus Fuchs, the German-born British scientist, imprisoned for 14 years, was "slight, shy, retiring, and very studious." Both were bachelors with "few friends and scant interests outside science and communism."

## Tried to Be Liked.

Dr. Bruno Pontecorvo, the Italian-born British "human storehouse" of nuclear knowledge who fled behind the Iron Curtain last

extrovert who liked to tell jokes and tried to be likeable.

David Greenglass, the Army technical sergeant with a yen for mechanics (now serving 15 years) was sized up thus:

"He smiled while testifying about the atomic bomb before a crowded courtroom in New York and he seemed to enjoy discussing his own insight into weapons data which others present regarded as mysterious and lying at the heart of American security."

## Worked on 'Gadget.'

Incidentally, Greenglass, who joined the Young Communist League at 16, worked on what the report calls "the actual gadget itself." But he didn't know what it was until told by his wife. She learned from American operatives, employed by the Russian Consulate in New York, who were set upon recruiting Greenglass into the espionage network.

All four spies, in their education, reflect an unusual lack of contact with the liberal arts, said the report. And, as a partial explanation for their warped mentalities, it cited "an almost diseased yearning to remold the world after the image of their own work in physical science."

## 'Childlike Arrogance.'

Above everything else, the report concluded, "an overweening and childlike arrogance—all induced by exposure to Communist recruiting techniques during early manhood—characterizes the atomic spy."

Fuchs and Pontecorvo showed scrupulous regard for security regulations and avoided discussing politics, although not to the point of being completely closed.

all Soviet agents take to shun any appearance of disloyalty.

The Joint Committee denounced Fuchs as the most dangerous man in history, one who endangered more people than any other man by betraying the atomic secrets of the democracies. Yet, according to the report, "Fuchs found a kind of moral security in holding a theoretic view which repudiated all evidences of emotion conflicting with it."

'Ascetic Theoretic.'

And, when he left the United States to become Chief of Theo-

retical Physics at Harwell, Britain's chief atomic-research laboratory, a co-worker in the Harwell station magazine hit on this side of Fuchs' character:

"Fuchs

"Looks

"An ascetic

"Theoretic."

From which the Congressional committee drew a moral: In espionage cases personnel security is of primary importance; physical barriers and documents control are secondary.

The Russians got their foreign agents cheap.

Dr. Nunn was made to take \$500. Greenglass cashed in on a total of \$850 for transmitting secret data, although shortly before his arrest he was given \$500 along with instructions to flee to Russia via Mexico. Fuchs accepted pin money here for expenses, the largest sum being \$400.

Symbol of Subservience.

Back in England, the report continued:

"At the peak of his career, Dr. Fuchs examined his course and decided that there was a possibility of a doubt creeping into

his faith in communism: the sin of pride before the party in the Communist book of rules and regulations.

"As a pledge of his subservience, Fuchs accepted a few hundred pounds payment from the Soviet agent. There had never been a road back for Fuchs; this was his way of demonstrating that he did not want one."

**'Standard Technique.'**

"It was the standard Russian technique," concluded the committee, "to force token cash amounts upon espionage agents, for purposes of further corrupt-

ing them, helping to assure that they could be blackmailed in the their complete subservience to the Soviet Union."

Part of the report deals with espionage attempts in the radiation laboratory of the University of California at Berkeley, which was developing the bomb. They were masterminded, said the report, by Steve Nelson, Communist party organizer, who set up a party cell in the laboratory consisting of half-a-dozen young physicists.

Nelson, under the name of Joseph Fleischinger, came to the

United States in 1920 from Yugoslavia. Two years later, immigration inspectors discovered he had entered illegally. Despite this, at a hearing after his arrest, the government recommended that Nelson and his mother and two sisters be afforded a haven here, predicting that the family would become substantial citizens. Their entry was legalized and Nelson was admitted to citizenship in 1928.

**Declined to Reply.**

The report recounted Nelson's activities as a Communist espionage agent. At a Washington hearing he declined, on the grounds of possible self-incrimination, to answer questions about them.

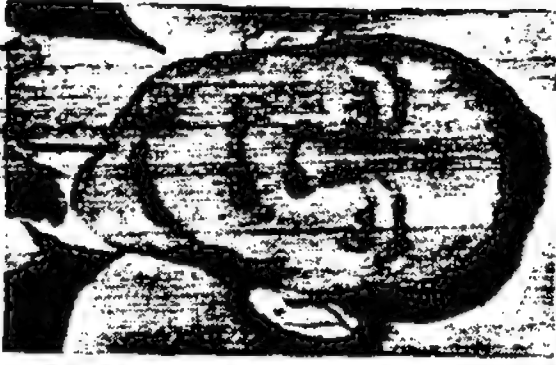

The government, nevertheless, has thus far been unable to spell out a case for prosecution.

Now Western Pennsylvania Communist party organizer, Nelson is currently standing trial in Pittsburgh on a sedition charge. On April 8 the party flew him to New York to be feted by the Veterans of the Abraham Lincoln Brigade and the Civil Rights Congress.

As he entered Penthouse Hall at 13 Astor Pl., according to last Tuesday's Daily Worker, "a fighting audience of 700" hailed Nelson for "his top-notch record as a warrior for democracy."

Klaus Fuchs (above), the British scientist-turned-spy, described in the Congressional report as the most dangerous man in history, and Steve Nelson (right), said to have masterminded spy work at the University of California.

David Greenglass (above) and his wife Ethel, who tipped him off that he was working on the atomic bomb. American operatives in the Russian Consulate have kept him in the loop.

Julius Rosenberg, who testified as an expert witness in the trial, was found to be a spy and was later executed.

- 0/s
1. [REDACTED] (b)(7)(D)
  2. That he wrote an unsigned article entitled "Proces de Californie" which was published on page 3 of the July 18, 1952 edition of l'Humanite. This article attacks the trial of the 14 local C. P. officials in Los Angeles, California, as a travesty of justice.
  3. [REDACTED] (b)(7)(D)
  4. That on April 3, 1953, in Paris he conducted for the Communist Press a briefing relative to the Rosenberg case. At this time he produced photostats of a purported statement handwritten by David GREENGLASS, principal witness at the Rosenberg trial. This photostat has subsequently appeared in the Paris press as proof of the innocence of the Rosenbergs.

## FACTS TO COMBAT COMMUNISM

88 WEST 42ND STREET, NEW YORK 36, N. Y. LONGISLAND 8-4303

May 8, 1953

Vol. 7, No. 19

Dear Subscriber:

BUSINESS MEN NEED MORE THAN MERE "INDUSTRIAL" SECURITY. In their concern about Communist subversion most business men think chiefly of the danger of Communist infiltration or control of the unions representing their employees, of Communist-inspired strikes or slowdowns, of sabotage and other matters directly connected with production.

There is also the problem of the advice they are getting on economic affairs, administrative procedures and other phases of their activities. They pay high prices for this and base their operations on its objectivity.

FREDERICK PALMER WEBER was helping advise business men on economic affairs from the fall of 1951 until Dec. 1952 as a research economist employed by the American Management Counsel, Inc...which makes marketing analyses, location studies and does other types of research for business firms.

WEBER recently appeared before the Internal Security subcommittee in its probe of Communist infiltration of Congressional committee staffs.

He first refused to answer on grounds of self-incrimination all questions about his Communist activities prior to Jan. 1951. He later refused to answer questions about his Communist associations since that time.

WEBER was on the staff of three Congressional committees between 1940 and 1943. He did advisory and research work for a Senate Military Affairs subcommittee, the Senate Committee on Education and Labor and the House Committee on Interstate Migratory Labor.

He was research director for the CIO's Political Action Committee from 1946 to 1948. At the same time he was research director of the Nat'l Citizens Political Action Committee, a Communist front, and taught at its School of Political Action Techniques in Washington (the staff of this school was loaded with Communists and party-liners). He was a member of the United Office and Professional Workers of America which was ousted from the CIO in 1950 as Communist-controlled.

WEBER has been an official of several Communist fronts. He was an advisory associate of the Southern Conference for Human Welfare, the biggest and most successful front operation of the Communist Party (CP) in the South. He served on the board of directors of People's Songs, the party's own entertainment agency. He was a member of the initiating committee of a conference on civil, labor and minority rights staged by the CP's Civil Rights Congress. During the 1948 election campaign he was the representative of the Communist-directed Progressive Party in eleven states in the South.

How many business men would feel safe in basing their operations on the economic research of F PALMER WEBER?

A NEW COMMUNIST-LINE LITERARY PUBLICATION HAS BEEN LAUNCHED. The Nat'l Council of Arts, Sciences and Professions (NCASF), the CP's top cultural front, has just published the first issue of "The Contemporary Reader".

Published weekly. Copyright 1953 by American Business Consultants, Inc.  
J. G. Keenan, President; D. M. Stynes, Vice-President; F. J. McNamara, Editor

Abraham Polonsky, identified as a CP member in the 1951 Hollywood investigation, is another member of the editorial committee. He is one of the Little, Brown authors exposed by COUNTERATTACK.

Contributors to the first issue include radio writer HILLARY TAYLOR, whom Senate Internal Security subcommittee has cited as a "hard-core" Communist; ALAN MAX, managing editor of the Daily Worker; LESTER COLE; ABRAHAM POLODINSKY and assorted lesser fry in the Communist literary world.

COUNTERATTACK READERS AGAIN GET RESULTS THROUGH THEIR LETTERS. In its issue of Feb 17, COUNTERATTACK gave facts on Chief Justice JAMES H. WOLFE of the Supreme Court of Utah. It revealed that he had been supporting Communist fronts and causes for a period of fifteen years.

Gov LEE referred the case to the Utah Legislature, which set up a committee to investigate Chief Justice WOLFE's activities. The committee subsequently reported to Utah's Speaker of the House that the evidence it considered "indicates that Chief Justice WOLFE is not a Communist and has never been a Communist and that he is not a Communist-sympathizer and that he has never been a Communist sympathizer".

The committee quoted Justice HOLDS as saying:

That sounds fine. But it's a damning commentary on the intellectual honesty of a State Supreme Court Chief Justice that, without ever being a "Communist sympathizer", he could support the most obvious Communist fronts and causes over a period of fifteen years.

U.S. JOSEPH P. BRAININ, chairman of the Nat'l Committee to Secure Justice in the Rosenberg Case, the front net up to direct the party's agitation and propaganda for the atom spies who are sentenced to death in Sing-Sing, was one of the principal speakers at the rally. He had recently made a two-week trip to England, France and Italy to plug the Rosenbergs' cause.

CP claims that BRAHMAN revealed a "sensational" new development at the rally. He produced a document allegedly written in 1950 by DAVID GREENGLASS, key government witness against the ROSENBERGS. The document supposedly outlines the information GREENGLASS originally gave the FBI. CP press says that it proves the ROSENBERGS were convicted on perjured testimony.

h. ELIZABETH BENTLEY, handwriting expert used by ALGER HISS in his attempts to escape conviction for perjury, has allegedly attested to the authenticity of the document produced by BRAUNIN.

h. D. JOHN ROGER, attorney for GREENGLASS, has stated that he had in his files a document similar to the one produced by BRAININ...and that it had apparently been "filched". He could not find it last Wednesday when the FBI asked about it. The next day it turned up in its usual place.

During his trip abroad BRAININ conferred with the leaders of the Rosenberg defense committees set up by Moscow in Europe. And it is interesting to note that the "sensational" GREENGLASS document he produced at the recent rally in NY first appeared in the press on April 18...in France.

BRAININ was permitted to make this trip in behalf of the A-bomb  
spies in spite of the fact that he has a record of supporting Communist  
fronts and causes that dates back to the Thirties. Some of the fronts he  
has supported are:

**Action Committee to Free Spain.**

American Birobidjan Committee.

American Committee of Jewish Writers, Artists and Scientists.

American Continental Congress for Peace (Mexico City).

Cultural and Scientific (Waldorf) Conference for World Peace.  
Jewish People's Committee

**Jewish Peoples Committee.**

Nat'l Committee to Combat Anti-Semitism.

Nat'l Conference on American Policy in China and the Far East.

Nat'l Conference on American Policy in Greece.

Nat'l Committee to Win the Peace.

Reichstag Fire Trial Anniversary Committee.

School of Jewish Studies.

The Protestant (magazines not connected with any denomination),  
World Congress for Peace (Paris).

BRAININ, under the pseudonym of PHILIP S. BIRCH, has for years written a syndicated column called "Strictly Confidential" for the English language Jewish press. The American Jewish League Against Communism has stated that this column "completely takes the Communist line". Many papers have dropped it in recent years because of "BIRCH's" line and his front record.

The Nat'l Community Relations Advisory Council has described "The Protestant", of which BRAININ was associate editor from 1941 to 1945, as "inimical to the welfare of the Jewish People". The Day, leading Jewish daily newspaper, has stated that the Jewish Peoples Committee, of which BRAININ was honorary chairman, was "Communist-controlled". This committee is also on the Attorney General's list of subversive organizations.

BRAININ has denounced the Nat'l Conference of Christians and Jews as "a front for imperialism (that) functions primarily as a good will council
